

In the opinion of Mintz, Levin, Cohn, Ferris, Glovsky and Popeo, P.C., Bond Counsel to the Bond Bank, under existing law, and assuming continued compliance with various requirements of the Internal Revenue Code of 1986, as amended (the “Code”), interest on the Bonds is excludable from gross income for federal income tax purposes under Section 103 of the Code. Interest on the Bonds is not an item of tax preference for purposes of computation of the federal alternative minimum tax imposed on individuals; however, it may be taken into account for the purpose of computing the federal alternative minimum tax imposed on certain corporations. In the opinion of Bond Counsel, under existing law, the Bonds are exempt from State of Vermont personal income taxes and State of Vermont corporate income taxes. See “TAX MATTERS” herein.

INTRODUCTORY STATEMENT

The Bonds are issued pursuant to the Vermont Bond Bank Law, being Public Act No. 216 of the Laws of Vermont of the 1969 Adjourned Session of the Vermont General Assembly, as amended (the “Act”).

The Bonds are to be issued under and are to be secured by the Bond Bank’s General Bond Resolution adopted on May 3, 1988, as amended and restated as of December 1, 2025 (the “General Resolution”) and, for the 2026 Series 1 Bonds, the Series Resolution authorizing the issuance of the 2026 Series 1 Bonds adopted on January 29, 2026 (the “2026 Series 1 Resolution”) and, for the 2026 Series 2 Bonds, the Series Resolution authorizing the issuance of the 2026 Series 2 Bonds adopted on January 29, 2026 (the “2026 Series 2 Resolution” and together with the 2026 Series 1 Resolution, the “Series Resolutions” and collectively with the General Resolution, the “Resolution”).

The Bond Bank is a body corporate and politic with corporate succession, and is constituted as an instrumentality exercising public and essential governmental functions of the State of Vermont (the “State”).

Pursuant to the Act, the Bond Bank is authorized to issue bonds for, among other purposes, (1) providing funds to enable the Bond Bank to make loans to counties, municipalities or other public bodies of the State, including public school districts (the “Governmental Units”), (2) refunding bonds previously issued by the Bond Bank, and (3) establishing or increasing reserves with which to secure or to pay debt service and all other costs and expenses of the Bond Bank incident to and necessary or convenient to carry out its corporate purposes.

Loans to Governmental Units are made through the direct purchase by the Bond Bank from such Governmental Units of their bonds, notes or evidences of debt constituting either general obligations of the Governmental Units (the “General Obligation Bonds”) or obligations or financing arrangements of the Governmental Units payable solely from revenues derived from the financed asset, enterprise funds, or other specified revenues and the earnings thereon (the “Revenue Bonds”). General Obligation Bonds and Revenue Bonds are sometimes collectively referred to herein as “Municipal Bonds.” For a list of all of the Governmental Units that have Municipal Bonds outstanding that were purchased by the Bond Bank pursuant to the General Resolution and the outstanding balances of such Municipal Bonds, see Table 2 of Appendix B hereto. Table 3 of Appendix B includes certain other demographic information about the outstanding Municipal Bonds by county in the State.

The 2026 Series 1 Bonds. The 2026 Series 1 Bonds are being issued: (i) together with the 2026 Series 2 Bonds, to make loans to Governmental Units through the purchase of Municipal Bonds, and (ii) to pay a portion of the costs of issuance of the Bonds.

The 2026 Series 2 Bonds. The 2026 Series 2 Bonds are being issued and applied with other available funds under the General Resolution: (i) together with the 2026 Series 1 Bonds, to make loans to Governmental Units through the purchase of Municipal Bonds, (ii) to make a deposit into the Reserve Fund

held by the Trustee under the General Resolution, (iii) to fund interest on a portion of the 2026 Series 2 Bonds, and (iv) to pay a portion of the costs of issuance of the Bonds.

Security for the Bonds. The Bonds will constitute general obligations of the Bond Bank and are secured under the General Resolution. Under the General Resolution, the amendment and restatement of which took effect as of December 1, 2025, there are three categories of bonds collectively referred to herein as “General Resolution Bonds”: “Legacy Bonds,” which consist of General Resolution Bonds issued prior to December 1, 2025; “Community Revenue Bonds,” the first issuance of which is the 2026 Series 1 Bonds; and “Enhanced Community Revenue Bonds,” the first issuance of which is the 2026 Series 2 Bonds. The General Resolution Bonds are secured by a pledge of Revenues, as defined in the General Resolution and include, without limitation, the amounts required to be paid by such Governmental Units to the Bond Bank pursuant to loan agreements for principal and interest on the loans (“Municipal Bonds Payments”) secured by the municipal bonds issued by Governmental Units and purchased by the Bond Bank (“Municipal Bonds”). Such pledge securing Enhanced Community Revenue Bonds is junior and subordinate to the pledge securing the Community Revenue Bonds. Such pledge securing Enhanced Community Revenue Bonds and Community Revenue Bonds is junior and subordinate to the pledge securing Legacy Bonds.

Pursuant to the Act, the State Treasurer may intercept State funding to Governmental Units that are in default on their Municipal Bonds Payments to the Bond Bank. The Loan Agreements provide that Municipal Bonds Payments are due to the Bond Bank on the first day of the month prior to the principal and interest payment dates on the General Resolution Bonds. Accordingly, the intercept by the State Treasurer is scheduled to occur prior to the principal and interest payment dates on the General Resolution Bonds. See “SECURITY FOR THE BONDS – Intercept of State Funds and Other Enforcement of Municipal Bonds.”

The Legacy Bonds and the Enhanced Community Revenue Bonds, including the 2026 Series 2 Bonds, are further secured by the Vermont Bond Bank Revenue Bond Reserve Fund (the “Reserve Fund”). The Reserve Fund is funded in an amount equal to the least of (i) maximum aggregate annual debt service coming due in any year on all Outstanding Legacy Bonds and Enhanced Community Revenue Bonds, (ii) 125% of average annual aggregate debt service on all Outstanding Legacy Bonds and Enhanced Community Revenue Bonds or (iii) 10% of the aggregate proceeds of Outstanding Legacy Bonds and Enhanced Community Revenue Bonds (the “Required Debt Service Reserve”). Moneys in the Reserve Fund are applied to the payment of the interest on and principal of Legacy Bonds and Enhanced Community Revenue Bonds, as they become due and payable, to the extent other monies of the Bond Bank, including without limitation, Municipal Bonds Payments and intercepted State funding, if any, are not then available. The Act provides that any draw on the Reserve Fund shall be replenished by appropriation of the General Assembly of the State. While the Legacy Bonds and the Enhanced Community Revenue Bonds and the replenishment obligation do not constitute a legally enforceable obligation of the State or create a debt on behalf of the State, Bond Counsel is of the opinion that the State, by its General Assembly, is legally authorized, but not legally obligated, to appropriate annually such sum to restore the Reserve Fund, all to the extent described under “SECURITY FOR THE BONDS – Reserve Fund” herein.

Each series of Legacy Bonds, Community Revenue Bonds, and Enhanced Community Revenue Bonds, notwithstanding their date of issuance, are secured equally and ratably with other Legacy Bonds, Community Revenue Bonds, and Enhanced Community Revenue Bonds, respectively. The pledge securing Enhanced Community Revenue Bonds is junior and subordinate to the pledge securing the Community Revenue Bonds. The pledge securing Enhanced Community Revenue Bonds and Community Revenue Bonds is junior and subordinate to the pledge securing Legacy Bonds. Additional series of Community Revenue Bonds and Enhanced Community Revenue Bonds, but not Legacy Bonds, may be authorized and issued by the Bond Bank pursuant to the General Resolution. The Bond Bank has issued \$2,800,567,000 in aggregate principal amount of General Resolution Bonds (including General Resolution Bonds issued to refund other General Resolution Bonds). For more information regarding parity General Resolution Bonds,

see “OUTSTANDING GENERAL RESOLUTION BONDS” herein. The Bond Bank has not defaulted on its payments of General Resolution Bonds.

The Bond Bank is obligated to pay the principal of and interest on General Resolution Bonds only from pledged revenues or funds of the Bond Bank, and the State is not obligated to pay the principal of or interest thereon and neither the faith and credit nor the taxing power of the State is pledged to the payment of the principal of or interest on General Resolution Bonds.

VERMONT BOND BANK

The Vermont Bond Bank was created by the Act in 1970 as a body corporate and politic with corporate succession and is constituted as an instrumentality exercising public and essential governmental functions of the State. The Act has been amended from time to time, including on June 19, 2023. The June 2023 amendments provide, in part, for expansion of the powers of the Bond Bank to make financing arrangements to fund a Governmental Unit’s projects, the purchase of revenue bonds that are not limited solely to utilities, and changing the legal name of the Bond Bank to the Vermont Bond Bank from the Vermont Municipal Bond Bank. The descriptions of the powers of the Bond Bank and other provision of the Act described herein reflect the Act, as amended. The Bond Bank maintains an “investors” page on its website at <https://www.vtbondbank.org/investors>.

Organization and Membership of the Bond Bank

The membership of the Bond Bank consists of five directors: the State Treasurer, who is a director ex-officio, and four directors appointed by the Governor with the advice and consent of the State Senate for terms of two years. The four directors appointed by the Governor must be residents of the State and must be qualified voters therein for at least one year next preceding the time of appointment. Each director holds office for the term of their appointment and until a successor shall have been appointed and qualified. A director is eligible for reappointment. Any vacancy in a directorship occurring other than by the expiration of the term is filled for the unexpired term only in the same manner as the original appointment, except that the advice and consent of the Senate is not required if it is not in session.

The directors elect one of their number as Chair. The directors also elect a Secretary and a Treasurer who need not be directors, and the same person may be elected to serve both as Secretary and Treasurer. The powers of the Bond Bank are vested in the directors thereof, and three directors of the Bond Bank constitute a quorum. Action may be taken and motions and resolutions adopted by the Bond Bank at any meeting thereof by the affirmative vote of at least three directors of the Bond Bank, including

the director ex-officio. A vacancy in the directorship of the Bond Bank does not impair the right of a quorum to exercise all the powers and perform all the duties of the Bond Bank.

Purposes of the Bond Bank

It is the policy of the State, as declared in the Act, to foster and promote by all reasonable means the provision of adequate capital markets for the financing by Governmental Units of their respective public improvements and other municipal purposes from proceeds of their bonds and notes and to assist such Governmental Units in such financing by making funds available at reduced interest costs for orderly financing especially during periods of restricted credit or money supply, particularly for those Governmental Units not otherwise able to borrow for such purposes. In furtherance of this policy, the Bond Bank is empowered to issue its Bonds to make funds available at reduced rates and on more favorable terms for borrowing by such Governmental Units through the purchase by the Bond Bank of their Municipal Bonds.

Application Review and Monitoring

Each Governmental Unit requesting the Bond Bank to purchase its Municipal Bonds submits an application to the Bond Bank. The Bond Bank underwrites the loans and approves or denies the applications based on creditworthiness. If approved, the Governmental Unit enters into a loan agreement (the "Loan Agreement") with the Bond Bank pursuant to which the Governmental Unit issues Municipal Bonds. The payment of principal and interest on the Municipal Bonds, together with other amounts available under the

General Resolution, are required to be sufficient to pay principal, redemption premium, if any, and interest on the Bonds.

The directors of the Bond Bank consider and discuss each application for the purchase of Municipal Bonds in an open meeting and accept or reject each application. In considering each Governmental Unit's application the directors rely on the information contained therein and such additional information as the directors deem relevant and consult with staff and the Bond Bank's financial consultants.

General Obligation Bonds. The information regarding General Obligation Bonds considered by the directors includes, among other things, the following information supplied by each Governmental Unit: the amount of debt of each Governmental Unit, the amount by which such debt will be increased by the proposed purchase of the Governmental Unit's General Obligation Bonds, the State or local valuation, tax levy and taxes receivable, the population trends and the economic outlook for the community as supplied by the Governmental Unit, any litigation which may affect a Governmental Unit's ability to pay the debt service on its bonds, and any legal analysis with respect thereto. The directors' review of the sources of revenue as set forth above includes the nature of such revenue. Nothing has come to the attention of the directors that leads them to believe that such revenue of the Governmental Units making applications will or could be nonrecurring. In certain cases, the Governmental Unit expects to derive revenues from identified sources to pay its General Obligation Bonds. While the general obligation of the Governmental Unit secures its General Obligation Bonds, the timing of the receipt of Municipal Bonds Payments could be affected by a shortfall in revenues.

Revenue Bonds. The information and other factors regarding Revenue Bonds considered by the directors have included, among other things, the following: financial statements for a period of three years prior to the date of the application with at least the most recent year having been audited, certification that certain debt service requirements are expected to be met in the future, Vermont Public Utility Commission approval of new electrical generation capacity construction or construction of electric or transmission facilities. Additional agreements are also reviewed if applicable, including: the agreement to maintain a debt service coverage ratio of annual net revenues of the project or system to which the proceeds are loaned measured against the annual debt service on the obligations payable from the subject system, the agreement to limit the issuance of additional bonds to pay for project costs, except when additional bonds are needed to keep the electric system operating or are for other limited purposes, and the agreement to maintain a contingency reserve fund. The Bond Bank requires that (i) the Governmental Unit at all times maintain rates, fees or charges which will produce revenues in each year sufficient, together with other moneys available therefor, to pay the debt service in each year on all Revenue Bonds issued for that system which are then outstanding as such Revenue Bonds become due and payable; and (ii) the Governmental Unit comply with certain reporting requirements. The directors may from time to time examine other or different information and impose other or additional requirements on Governmental Units. The directors may also, at their discretion, waive the delivery of information or the requirements imposed on any or all Governmental Units issuing Revenue Bonds. The directors of the Bond Bank may also consider and discuss any litigation which may affect the Governmental Units' ability to pay the debt service on their bonds and any legal analysis with respect thereto. The directors, however, can give no assurance that revenues of any system will be sufficient to meet the obligations of the Governmental Unit on the Revenue Bonds or other obligations of that system.

Under the General Resolution, the Bond Bank has heretofore purchased ten issues of Revenue Bonds in the aggregate principal amount of \$38,040,000, of which five issues remained outstanding as of January 1, 2026, in the aggregate principal amount of \$13,093,248. A portion of the proceeds of the Bonds will be used to purchase \$20,000,000 principal amount of Revenue Bonds from the City of Burlington Electric Department to fund improvements to the electric system in accordance with the City's Net Zero Energy goals.

Following approval and purchase of the Municipal Bonds staff undertakes full monitoring of the portfolio of loans. The Bond Bank requests annually financial statements of Governmental Units. Bond Bank staff reviews relevant information and prepares portfolio level summaries annually. Consistent with the Bond Bank's Governmental Unit Monitoring Policy, such review for certain Governmental Units is more detailed.

Powers of the Bond Bank

In order to fulfill its purposes, the Bond Bank has, among others, the following powers:

(1) To borrow money and to issue its negotiable bonds or notes and to provide for and secure the payment thereof and to provide for the rights of the holders thereof, and to purchase, hold and dispose of any of its bonds or notes;

(2) To fix and revise from time to time and charge and collect fees and charges for the use of its services or facilities;

(3) In connection with any loan to a Governmental Unit, to consider the need, desirability or eligibility of the loan, the ability of the Governmental Unit to secure borrowed money from other sources and the costs thereof, and the particular public improvement or purpose to be financed by the Municipal Bonds to be purchased by the Bond Bank;

(4) To charge for its costs and services in review or consideration of any proposed loan to a Governmental Unit or purchase of Municipal Bonds of a Governmental Unit, and to charge therefor whether or not the loan is made or the Municipal Bonds are purchased;

(5) To establish any terms and provisions with respect to any loan to Governmental Units through the purchase of Municipal Bonds by the Bond Bank, including date and maturities of the Municipal Bonds, provisions as to redemption or payment prior to maturity, and any other matters which are necessary, desirable or advisable in the judgment of the Bond Bank;

(6) To enter into and enforce all contracts necessary, convenient or desirable for the purposes of the Bond Bank or pertaining to any loan to a Governmental Unit or any purchase or sale of Municipal Bonds or other investments or to the performance of its duties and execution or carrying out of any of its powers under the Act;

(7) To purchase or hold Municipal Bonds at such prices and in such manner as the Bond Bank deems advisable, and to sell Municipal Bonds acquired or held by it at such prices without relation to cost and in such manner as the Bond Bank deems advisable, all consistent with the policy of the State as declared in the legislative findings of the Act;

(8) To invest any funds or monies of the Bond Bank not then required for loan to Governmental Units and for the purchase of Municipal Bonds in the same manner as permitted for investment of funds belonging to the State or held in the treasury, except as otherwise provided by the Act (however, the General Resolution limits investments to certain securities as hereinafter set forth);

(9) To prescribe any form of application or procedure required of a Governmental Unit for the loan or purchase of its Municipal Bonds and to fix the terms and conditions of that loan or purchase and to enter into agreements with Governmental Units with respect to any loan or purchase;

(10) To issue bonds, other forms of indebtedness, or other financing obligations or arrangements for projects relating to renewable energy, energy efficiency, climate adaptation, and projects that otherwise result in the reduction of greenhouse gas emissions; and

(11) To do all things necessary, convenient or desirable to carry out the powers expressly granted or necessarily implied in the Act.

The Act requires approval by the State Treasurer and the Governor to make effective any resolution of the Bond Bank regarding the issuance of bonds. The Bond Bank will obtain such approval with respect to the Bonds prior to the sale thereof.

Other Financing Programs and Indebtedness

The Bond Bank has issued two series of bonds (“VSCS Program Bonds”) pursuant to its General Bond Resolution for Vermont State Colleges System adopted March 30, 2017 (the “VSCS Program Bond Resolution”). As of January 1, 2026, the VSCS Program Bonds are outstanding in the principal amount of \$74,615,000. VSCS Program Bonds are payable from different funds and assets than, and are not on a parity with, the Bonds. None of the funds and accounts established under the General Resolution or any funds of the Bond Bank not held under the VSCS Program Bond Resolution are pledged to secure the VSCS Program Bonds.

In October 2024, the Rural Utilities Service of the United State Department of Agriculture executed a loan to the Bond Bank in the amount of \$40 million (the “USDA Loan”). The proceeds of the interest free loan are being used by the Bond Bank to make low interest loans to Governmental Units to implement durable cost-effective energy efficiency measures and to fund program expenses. The Bond Bank adopted a resolution separate from the General Resolution to secure the USDA Loan and a liquidity facility from a bank to secure the USDA Loan. The USDA Loan is payable from different funds and assets than General Resolution Bonds, including the Bonds.

On May 7, 2025, the State executed a loan agreement with the Bond Bank (the “State Loan”) to provide up to \$20 million pursuant to the State’s “2.5% in Vermont” that allows the Vermont State Treasurer to provide low interest loans to promote climate resilience. The Bond Bank previously used this program to make loans to Governmental Units to fund projects to mitigate the damage from the Summer 2023 flooding and use the loan payments from such Governmental Units to repay the State Loan. The new loan refunds a prior loan to the Bond Bank from the State of \$15 million, and provides for \$5 million in additional loan capacity. The new commitment allows the Bond Bank to address ongoing needs from flooding within in the State. The State Loan is a general obligation of the Bond Bank. None of the funds and accounts established under the General Resolution will be pledged to secure the State Loan.

THE BONDS

Description

The Bonds shall be dated their date of delivery, shall mature on December 1 in the years and principal amounts, and shall bear interest at the rates per annum, set forth on the inside cover pages of this Official Statement.

The Bonds shall bear interest from their date, payable semi-annually on June 1 and December 1 of each year, commencing June 1, 2026. The Bonds initially will be issued as one fully registered bond for each maturity of each series in the aggregate principal amount for such maturity as set forth on the inside cover pages of this Official Statement in the name of Cede & Co., as registered owner and nominee for The

Depository Trust Company, New York, New York (“DTC”). Beneficial ownership in the Bonds may be acquired or transferred only through book-entries made on the records of DTC and its participants in the principal amount of \$5,000 or integral multiples thereof. The principal of and interest on the Bonds will be paid by U.S. Bank Trust Company, National Association, as Trustee and paying agent (the “Paying Agent”). As long as DTC or its nominee, Cede & Co., is the registered owner of the Bonds, such payments will be made directly to Cede & Co. Interest on any Bond which is payable and is punctually paid or provided for on any interest payment date will be paid to the registered owner at the close of business on the May 15 and November 15 next preceding such interest payment date (the “Record Date”).

Impact of the Projects Financed by the Bonds

The Bond Bank has a history of financing projects similar to those capitalized by the Bonds while providing access to capital for communities throughout Vermont.

The Bond Bank administers a best efforts program to quantify the impact of the Bond Bank's activities and intends to summarize impacts through the Bond Bank's annual report. While the Bond Bank is not required to disclose impacts, it expects to do so on a voluntary basis as data is available.

Estimated impacts for the new projects anticipated to be financed with the Bonds include:

- Over 90,000 Vermonters served by the projects funded from the Bonds;
- Over 80,000 square feet of public facilities constructed or renovated;
- Two bridge replacements;
- Two culvert improvements; and
- One fire truck purchase.

The loan to the Burlington Electric Department (BED) is secured by a revenue bond issued under the Net Zero Energy and Grid Reliability Bond Authority. The project funded from such loan is expected to result in the following, over the life of the project:

- Grid and distribution system upgrades to support growing electric loads, higher peaks, and strong reliability, including the upgrade and replacement of existing distribution assets, such as poles, transformers, and switches.
- Technology systems upgrades, including a new customer information system, financial information system, and outage management system to support new dynamic pricing and end-use rate options, improved peak management, and improved customer service.
- Generation plant upgrades, including relicensing the Winooski One Hydroelectric Plant.
- Additional public electric vehicle charging stations and electric fleet vehicles.
- Energy transformation incentives under the Tier 3/beneficial electrification provision of the Vermont Renewable Energy Standard.

Book-Entry-Only System

Unless otherwise noted, portions of the description which follows of the procedures and record-keeping with respect to beneficial ownership interests in the Bonds, payment of interest and other payments on the Bonds to DTC Participants or Beneficial Owners (defined below) of the Bonds, confirmation and transfer of beneficial ownership interests in the Bonds and other bond-related transactions by and between DTC, the DTC Participants and Beneficial Owners of the Bonds is based solely on information furnished by DTC to the Bond Bank for inclusion in this Official Statement. Accordingly, the Bond Bank, the Governmental Units and the Underwriters do not and cannot make any representations concerning these matters.

The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of each series of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York

Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.6 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a rating of AA+ from S&P Global Ratings. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (each a “Beneficial Owner” and together the “Beneficial Owners”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all of the Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity and series are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC’s Money Market Instrument

Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Bond Bank as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

The principal of and interest and premium, if any, on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Bond Bank or Trustee, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with municipal securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee, or the Bond Bank, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of the principal of and interest and premium, if any, to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Bond Bank or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Bond Bank or Trustee. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The Bond Bank may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In such event, Bond certificates will be printed and delivered.

THE INFORMATION IN THIS SECTION CONCERNING DTC AND DTC'S BOOK-ENTRY-ONLY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE BOND BANK BELIEVES TO BE RELIABLE, BUT THE BOND BANK TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF.

Redemption Provisions

Optional Redemption

The Bonds maturing on and after December 1, 2034 are subject to redemption at the option of the Bond Bank, at any time on and after October 1, 2034, in whole or in part (by lot if less than all of a maturity is to be redeemed), from the maturities designated by the Bond Bank at a Redemption Price of par plus accrued interest to the date of redemption.

The Bonds maturing before December 1, 2034 are subject to optional redemption prior to their stated maturity dates at the option of the Bond Bank, in whole or in part (by lot if less than all of a maturity is to be redeemed), on any date (the "Make-Whole Call Date"), at a make-whole price (the "Tax-Exempt Make-Whole Redemption Price") equal to the greater of:

(1) one hundred percent (100%) of the Amortized Value (as defined below) of the Bonds to be redeemed; or

(2) the sum of the present value of the remaining scheduled payments of principal and interest on the Bonds to be redeemed from and including the Make-Whole Call Date to maturity of such Bonds, not including any portion of those payments of interest accrued and unpaid as of the Make-Whole Call Date,

discounted to the Make-Whole Call Date on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at a discount rate equal to the greater of (a) the Applicable Tax-Exempt Bond Rate (as defined below) minus 10 basis points; or (b) zero basis points; plus in each case, accrued interest on such Bonds to the Make-Whole Call Date.

“Amortized Value” means the product of the principal amount of the Bonds to be redeemed and the price of such Bonds expressed as a percentage, calculated based on the industry standard method of calculating bond prices, with a delivery date equal to the Make-Whole Call Date, a maturity date equal to maturity of such Bonds and a yield equal to the yield of such Bonds as shown on the applicable inside cover page of this Official Statement.

“Applicable Tax-Exempt Bond Rate” means the “Interpolated AAA Yields” rate for the maturity date of the Bonds to be redeemed, as published by the Municipal Market Data (“MMD”) at least five calendar days, but not more than 60 calendar days, prior to the Make-Whole Call Date of the Bonds to be redeemed, or if no such rate is established for the applicable maturity date, the “Interpolated AAA Yields” rate for the published maturities closest to the applicable maturity date. Should the MMD no longer publish the “Interpolated AAA Yields” rate, then the Applicable Tax- Exempt Bond Rate will equal the “BVAL Muni AAA Monthly Callable Yields” rate for the maturity date (made available by Bloomberg at the close of business each day). In the further event that Bloomberg no longer publishes the “BVAL Muni AAA Monthly Callable Yields” rate, the Applicable Tax-Exempt Bond Rate will be determined by a verification agent, investment banking firm or financial advisor appointed by the Bond Bank for such purpose, based upon the rate per annum equal to the semi-annual equivalent yield to maturity for those tax-exempt general obligation bonds rated in the highest rating category by Moody’s Ratings and Standard & Poor’s Global Ratings, a division of Standard & Poor’s Financial Services LLC, with a maturity date equal to the maturity date of such Bonds having characteristics (other than the ratings) most comparable to those of such Bonds in the judgment of the verification agent, investment banking firm or financial advisor. The verification agent’s, investment banking firm’s or financial advisor’s determination of the Applicable Tax-Exempt Bond Rate shall be final and binding in the absence of manifest error.

The Tax-Exempt Make-Whole Redemption Price will be determined by a verification agent, investment banking firm or financial advisor appointed by the Bond Bank for such purpose. The Bond Bank may conclusively rely on such verification agent’s, investment banking firm’s or financial advisor’s determination of such Tax-Exempt Make-Whole Redemption Price and will bear no liability for such reliance.

Notice of optional redemption shall be mailed not less than twenty (20) days before the redemption date to the registered owners of any Bonds or portions thereof to be redeemed. Notice of redemption having been given, as aforesaid, the Bonds or portions thereof so called for redemption shall become due and payable on the redemption date and from and after such redemption date, interest on such Bonds shall cease to accrue and become payable. Such notice may be subject to certain conditions, as provided in the General Resolution. See Appendix A – “FORM OF THE GENERAL RESOLUTION” hereto under the heading “Notice of Redemption.”

The 2026 Series 1 Bonds maturing December 1, 2051 and December 1, 2056 will be subject to redemption prior to maturity by lot on each December 1, under the provisions of the Resolution, at the principal amount thereof plus accrued interest to the redemption date, without premium, from sinking fund payments and on the dates, as set forth below:

As described in the Official Notice of Sale, the 2026 Series 2 Bonds may be issued with term bonds combining consecutive annual principal amounts (bearing interest at the same rate). Any such term bonds shall be subject to mandatory sinking fund redemption commencing on December 1 of the first year in which maturities have been combined to form such term bonds and continuing on December 1 of each such year thereafter until the stated maturity date of such term bond. Such details for any term bond will be set forth in the final Official Statement.

Exchange and Transfer

The Resolution provides that Bonds, upon surrender thereof at the corporate trust office of the Trustee with a written instrument of transfer satisfactory to the Trustee, duly executed by the registered owner or his attorney duly authorized in writing, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of Bonds of the same maturity of any other authorized denominations.

The Bonds shall be transferable only upon the books of the Bond Bank, which shall be kept for the purpose at the corporate trust office of the Trustee, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereof together with a written instrument of transfer satisfactory to the Trustee duly executed by the registered owner or his duly authorized attorney. Upon the transfer of any Bond the Bond Bank shall issue in the name of the transferee a new registered Bond or Bonds of the same aggregate principal amount and maturity as the surrendered Bond.

In all cases in which the privilege of exchanging bonds or transferring registered bonds is exercised, the Bond Bank shall execute and the Trustee shall deliver bonds in accordance with the provisions of the General Resolution. The Bonds are interchangeable for bonds of like series at the office of the Trustee upon the payment of a charge sufficient to reimburse it for any tax, fee or any other governmental charge required to be paid. The cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bond Bank or the Trustee incurred in connection therewith (except any applicable tax, fee or other governmental charge) shall be paid by the Bond Bank as an Administrative Expense. See, however, “Book-Entry-Only System” herein for a description of the exchange and transfer provisions applicable to beneficial ownership interests in the Bonds.

SECURITY FOR THE BONDS

The following is a brief summary of security for General Resolution Bonds, including the Bonds. For a more detailed description, see Appendix A – “FORM OF THE GENERAL RESOLUTION” hereto, the Resolution and the Act.

The Bond Bank’s obligation to pay the principal of and interest on General Resolution Bonds is subject to the provisions of other resolutions now or hereafter pledging particular moneys, assets or revenues to particular notes or bonds. The State is not obligated to pay the principal of or interest on General Resolution Bonds, and neither the faith and credit nor the taxing power of the State is pledged to the payment thereof. General Resolution Bonds are general obligations of the Bond Bank, and the full faith and credit of the Bond Bank are pledged for the payment of the principal or Redemption Price of and interest on General Resolution Bonds.

Under the General Resolution, the amendment and restatement of which took effect as of December 1, 2025, there are three categories of General Resolution Bonds: “Legacy Bonds,” which consist of General Resolution Bonds issued prior to December 1, 2025; “Community Revenue Bonds,” the first issuance of which is the 2026 Series 1 Bonds; and “Enhanced Community Revenue Bonds,” the first issuance of which is the 2026 Series 2 Bonds. The Legacy Bonds, the Community Revenue Bonds, and the Enhanced Community Revenue Bonds are collectively referred to herein as “General Resolution Bonds.”

Pledge of Revenues

Under the General Resolution, Revenues are pledged for the payment of the principal and Redemption Price of and interest on General Resolution Bonds in accordance with the terms and provisions of the General Resolution, subject only to the provisions of the General Resolution permitting the application thereof for the purposes and on the terms and conditions set forth in the General Resolution. Such pledge for the Enhanced Community Revenue Bonds is in all respects junior and subordinate to the pledge for the Legacy Bonds and the Community Revenue Bonds. The foregoing pledge for the Community Revenue Bonds is in all respects junior and subordinate to the pledge for the Legacy Bonds. Subject to the provisions of the General Resolution related to certain fees of the Trustee, this pledge shall be valid and

binding from and after the date of adoption of the General Resolution, and the Municipal Bonds and the Municipal Bonds Payments and all other moneys and securities in the funds and accounts established by and pledged under the General Resolution shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and such lien shall be a first lien and shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Bank, irrespective of whether such parties have notice thereof.

“Revenues” include (i) Municipal Bonds Payments, (ii) investment earnings on amounts in the Revenue Fund, (iii) any proceeds of a Series of General Resolution Bonds originally deposited with the Trustee for the payment of interest thereon, (iv) investment earnings on amounts in the Reserve Fund transferred to the Principal Account and Interest Account in accordance with the General Resolution, and (v) amounts released from the Reserve Fund as a result of the payment at maturity, refunding, redemption or defeasance of Legacy Bonds or Enhanced Community Revenue Bonds, and any other revenues that may be identified as Revenues under a Series Resolution. Revenues shall not include (x) any amounts on deposit in a Rebate Fund, (y) any payment made by the State to replenish the Reserve Fund under the Act.

The 2026 Series 1 Resolution identifies additional revenues which constitute “Revenues” described in clause (v) above, consisting of (i) moneys held in redemption accounts from previously received Municipal Bonds Payments to be applied to future sinking fund payments on Qualified School Construction Bonds, and (ii) moneys transferred to the Revenue Fund from available funds of the Bond Bank in the amount of approximately \$0.371 million in 2026 and \$1.8 million in 2032. Such moneys constitute Revenues in the year in which they are applied or transferred.

Investment earnings on amounts in the Revenue Fund include earnings on amounts held in the General Account. As of February 1, 2026, there was approximately \$12.5 million on deposit in the General Account. The General Account may be used by the Bond Bank from time to time as permitted in the Act and the General Resolution. See Appendix A.

Under the General Resolution, there shall at all times be Revenues sufficient to pay Debt Service on all Outstanding General Resolution Bonds when due. Further, the issuance of additional Community Revenue Bonds requires compliance with the Community Revenue Bonds Coverage Ratio. See “Additional Indebtedness; Community Revenue Bond Coverage Ratio.”

See “DEBT SERVICE REQUIREMENTS” for information about debt service payment on General Resolution Bonds and “PROJECTED CASH FLOWS” for information about estimated Revenues available to pay such debt service.

Loan Agreements and Municipal Bonds Payments

The Loan Agreement under which a Loan is made to a Municipality must comply with certain terms and conditions, including the following:

- (a) the Municipality which is a party to such Loan Agreement must be a Governmental Unit as defined by the Act and the Loan Agreement must be executed in accordance with existing laws;
- (b) the Municipality shall, prior to or as soon as practicable upon the issuance of bonds of the Bond Bank issued to make a Loan to the Municipality, issue Municipal Bonds which are valid obligations of the Municipality;

(c) the Municipality shall be obligated to pay Fees and Charges to the Bond Bank at the times and in the amounts which will enable the Bond Bank to pay the amounts specified in “Fees and Charges” below; and

(d) the Bond Bank shall not sell and the Municipality shall not redeem prior to maturity any of the Municipal Bonds prior to the date on which a sufficient amount of Outstanding General Resolution Bonds issued with respect to the Loan to such Municipality are redeemable, and in the event of any sale or redemption prior to maturity of such Municipal Bonds thereafter, the same shall be in an amount equal to the aggregate of (i) the principal amount, interest to accrue to the next redemption date, and redemption premium, if any, needed to redeem a sufficient amount of Outstanding General Resolution Bonds to assure that there shall at all times be scheduled payments of principal and interest on Municipal Bonds pledged under the General Resolution, which, when added to interest and other income estimated by the Bond Bank to be derived from the investment or deposit of money available therefor in any Fund or Account created by the General Resolution, will be sufficient to pay Debt Service on all Outstanding General Resolution Bonds when due, and (ii) the costs and expenses of the Bond Bank in effecting the redemption of the Bonds so to be redeemed, less the amount of monies available in the applicable sub-account or sub-accounts in the Redemption Account and available for withdrawal from the Reserve Fund and for application to the redemption of General Resolution Bonds so to be redeemed in accordance with the terms and provisions of the Resolution, as determined by the Bond Bank.

Pledge of Municipal Bonds and Municipal Bonds Payments

To secure the payment of the principal or Redemption Price of and interest on General Resolution Bonds, the Bond Bank pledges and assigns to the Trustee for the benefit of the Holders of General Resolution Bonds all Municipal Bonds and Municipal Bonds Payments. The pledge of such Municipal Bonds and Municipal Bonds Payments for the benefit of the Holders of General Resolution Bonds shall be valid and binding from and after the date of adoption of the General Resolution, and such Municipal Bonds and Municipal Bonds Payments shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Bond Bank, irrespective of whether such parties have notice thereof. The foregoing pledge is subject to the provisions of any other resolutions or indentures pledging and appropriating particular monies, assets or revenues to particular notes or bonds. Such pledge securing Enhanced Community Revenue Bonds, like the 2026 Series 2 Bonds, is junior and subordinate to the pledge securing the Community Revenue Bonds, such as the 2026 Series 1 Bonds. Such pledge securing Enhanced Community Revenue Bonds and Community Revenue Bonds is junior and subordinate to the pledge securing Legacy Bonds.

Each Governmental Unit is authorized to incur debt and issue bonds for a variety of capital costs and to secure its obligation as a general obligation of such Governmental Unit payable from unlimited ad valorem property taxes. With respect to certain types of capital costs, Municipal Bonds may be secured as a revenue obligation of such Governmental Unit, payable from the revenues of the public utility or other revenue-generating project being financed. In the case of General Obligation Bonds, the Governmental Unit is required by state law to provide annually for the assessment and collection of taxes of an amount sufficient to pay debt service.

Intercept of State Funds and Other Enforcement of Municipal Bonds

The Bond Bank shall diligently enforce, and take all reasonable steps, actions and proceedings necessary for the enforcement of, all terms, covenants and conditions of all Loan Agreements and the Municipal Bonds evidencing Loans made by the Bond Bank, including the prompt collection of Municipal

Bonds Payments and Fees and Charges and the giving of notice to the State Treasurer of any failure or default of any Municipality in making payments with respect to its Municipal Bonds.

On April 19, 2016, the Act was amended with respect to the provisions relating the State Treasurer's ability to intercept State funding to Governmental Units that are in default on their payment obligations on Municipal Bonds acquired or held by the Bond Bank. Effective July 1, 2016, the Act, as so amended, provides that upon receipt by the State Treasurer of written notice from the Bond Bank (or the Trustee) that a Governmental Unit is in default on the payment of principal or interest on a Municipal Bond acquired or held by the Bond Bank, the State Treasurer will immediately withhold all further payment to the Governmental Unit of any or all funds appropriated and payable by the State to the Governmental Unit, until the default is cured. During the default period, the State Treasurer will make direct payment of all, or as much as is necessary, of the withheld amounts to the Bond Bank, or at the Bond Bank's direction, to the trustee or paying agent for the bonds, so as to cure, or cure insofar as possible, the default as to the bond or the interest on the bond. See "Flow of Funds" below.

On January 26, 2017, the State Treasurer, the Bond Bank and the Commissioner of the Vermont Department of Finance and Management (the "Commissioner") entered into a State Intercept Memorandum of Agreement (the "Intercept MOA") to establish procedures with respect to the intercept of State funds described above. Under the Intercept MOA, upon any failure of a Governmental Unit to pay a Municipal Bonds Payment in full on the due date thereof (which due date is the first day of the month prior to the principal and interest payment dates on the Bonds), within ten business days the Bond Bank shall notify the State Treasurer of the amount not paid by such Governmental Unit. No later than six business days following the receipt of such notice, the State Treasurer will determine an estimate of the amount of State funds due to such Governmental Unit for the remainder of the fiscal year and work with the Commissioner to intercept and remit such funds to the Trustee. The Intercept MOA further provides that to the extent there remains any unpaid Municipal Bonds Payments with respect to such Governmental Unit as of the end of a fiscal year of the State, State funds available in the next fiscal year with respect to such Governmental Unit would be intercepted.

The payments described in the paragraph above made by the State Treasurer to the Bond Bank (or the Trustee or paying agent for the bonds) will be credited as if made directly by the Governmental Unit. The payment will be offset against any appropriation otherwise payable to the Governmental Unit by the State during each fiscal year. Upon receipt of the payment, the Bond Bank, or the Bond Bank's trustee or paying agent, will provide written notice of the payment to the Governmental Unit. The Act, as so amended, further provides that no provision thereof shall be construed: (1) to limit, impair, or impede the rights or remedies granted to the holders of bonds issued by the Bond Bank and the Governmental Units; (2) to require the State to continue the payment of State aid or assistance to any Governmental Unit; (3) to limit or prohibit the State from repealing or amending any law relating to State aid or assistance, including the manner and time of payment or apportionment, or the amount of aid or assistance; (4) to create any obligation on the part of the State Treasurer or the State to make any payment on behalf of a defaulting Governmental Unit other than from funds appropriated and payable to a defaulting Governmental Unit by the State.

The Act provides that on the sale and issuance of any Municipal Bonds to the Bond Bank by any Governmental Unit, that Governmental Unit is deemed to agree that on the failure of that Governmental Unit to pay interest or principal on any of the Municipal Bonds owned or held by the Bond Bank when payable, all defenses to nonpayment are waived. If an execution is issued on that Governmental Unit for payment of such Governmental Unit's General Obligation Bonds and if funds are not available in its treasury to make payment, the governing body of that Governmental Unit shall forthwith assess a tax on the grand list of the Governmental Unit, sufficient to make payment with twelve percent interest thereon, and cause the tax to be collected within sixty days; and further, with respect to Revenue Bonds of a

Governmental Unit, upon nonpayment and demand on that Governmental Unit for payment, such Governmental Units shall make payment together with twelve percent interest thereon as provided for by the Act, which shall be due and payable within sixty days. Notwithstanding any other law, including any law under which the Municipal Bonds were issued by that Governmental Unit, the Bond Bank upon nonpayment is constituted a holder or owner of the Municipal Bonds as being in default.

Reserve Fund

Community Revenue Bonds are not secured by the Reserve Fund. The following provisions related to the Reserve Fund are for the benefit of the Legacy Bonds and the Enhanced Community Revenue Bonds.

The Act provides that the Bond Bank shall establish and maintain a special fund called the Vermont Bond Bank Revenue Bond Reserve Fund in which there shall be deposited:

- (i) all monies appropriated by the State for the purpose of such fund;
- (ii) all proceeds of bonds required to be deposited therein by terms of any contract between the Bond Bank and its Bondholders or any resolution of the Bond Bank with respect to the proceeds of bonds; and
- (iii) any other monies or funds of the Bond Bank which it determines to deposit therein.

Monies in the Reserve Fund shall be held and applied solely to the payment of the interest on and principal of Legacy Bonds and Enhanced Community Revenue Bonds, as they become due and payable and for the retirement of such General Resolution Bonds. See “Flow of Funds” herein. Money may not be withdrawn if it reduces the amount in the Reserve Fund to an amount less than the Required Debt Service Reserve except for payment of interest then due and payable on Legacy Bonds and Enhanced Community Revenue Bonds and the principal of Legacy Bonds and Enhanced Community Revenue Bonds then maturing and payable and for the retirement of Legacy Bonds and Enhanced Community Revenue Bonds in accordance with the terms of any contract between the Bond Bank and its Bondholders and for which payment other monies of the Bond Bank, including without limitation monies from Municipal Bonds Payments or intercepted State funds, are not then available.

Section 4675 of the Act provides that in order to assure the maintenance of the Required Debt Service Reserve in the Reserve Fund, there shall be appropriated annually and paid to the Bond Bank for deposit in the Reserve Fund, such sum as shall be certified by the Chair of the Bond Bank to the Governor or to the Governor-elect, as is necessary to restore the Reserve Fund to an amount equal to the Required Debt Service Reserve. The Act further provides that the Chair shall annually, on or before February 1, make and deliver to the Governor or to the Governor-elect his certificate stating the sum required to restore the Reserve Fund to the amount aforesaid, that the Governor or Governor-elect shall, on or before March 1, submit a request for appropriation for the sum so certified, and the sum so certified shall be appropriated and paid to the Bond Bank during the then current State fiscal year.

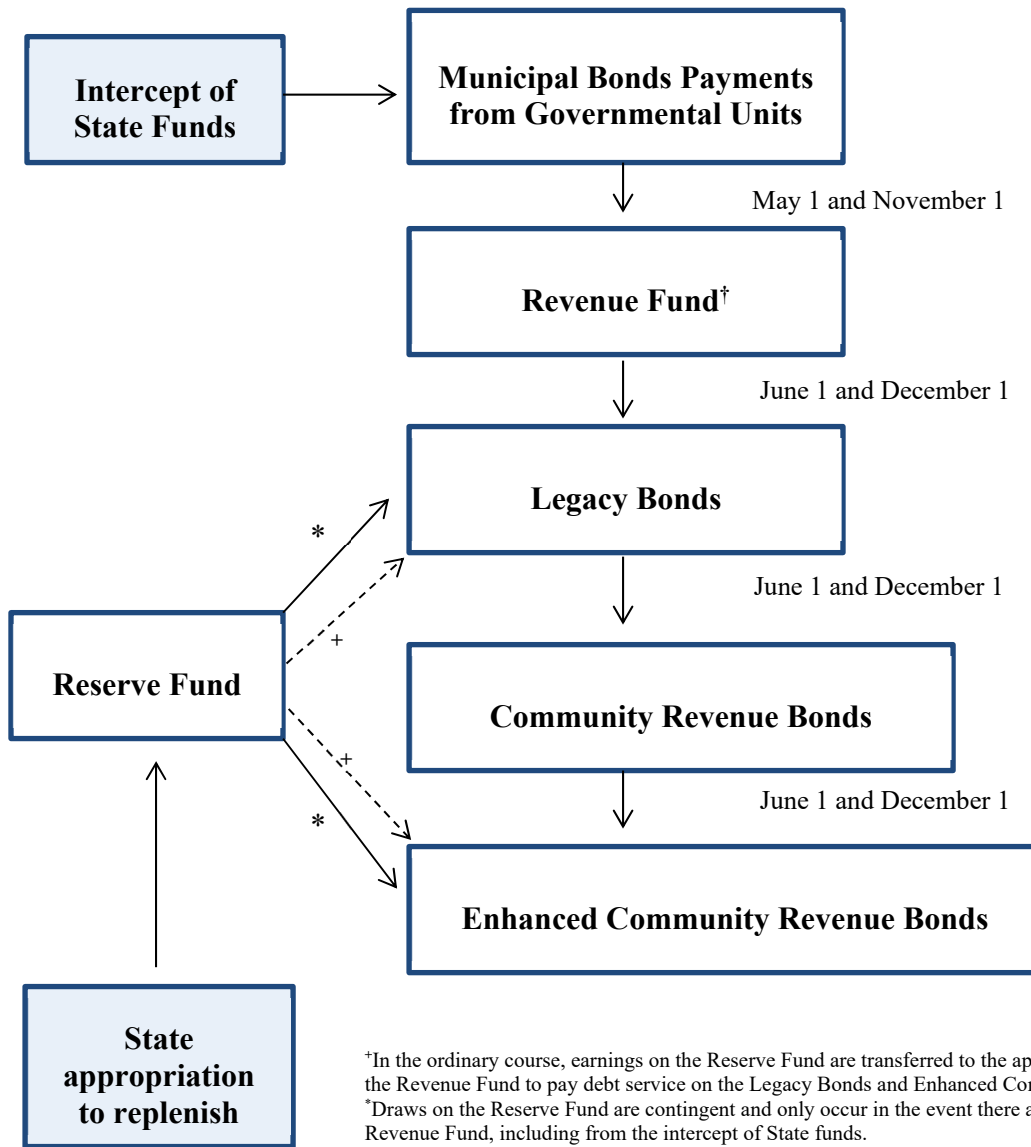

Following the issuance of the Bonds, the Required Debt Service Reserve will be \$51,995,692, and the amount on deposit in the Reserve Fund shall be at least equal to such amount.

While the General Resolution Bonds and the aforesaid provisions of the Act do not constitute a legally enforceable obligation of the State of Vermont or create a debt on behalf of the State, Bond Counsel is of the opinion that the State of Vermont, by its General Assembly, is legally authorized, but not legally obligated, to appropriate annually such sum as shall have been certified by the Chair of the Bond Bank to

the Governor or the Governor-elect as is necessary to restore the Reserve Fund to an amount equal to the Required Debt Service Reserve and, upon the making of such appropriations in accordance with the Act, there shall be paid to the Bond Bank for deposit in the Reserve Fund the amounts appropriated.

Flow of Funds

The following chart presents the flow of funds from the Municipal Bonds payments and other Revenues to the payment of debt service on the General Resolution Bonds.

[†]In the ordinary course, earnings on the Reserve Fund are transferred to the applicable Interest Account of the Revenue Fund to pay debt service on the Legacy Bonds and Enhanced Community Revenue Bonds.
^{*}Draws on the Reserve Fund are contingent and only occur in the event there are insufficient funds in the Revenue Fund, including from the intercept of State funds.
[†]The Revenue Fund includes the General Account, Operating Account, Interest Account and Principal Account, and certain subaccounts therein.

Fees and Charges

The Bond Bank shall establish, make, maintain and charge such Fees and Charges to each Municipality to which a Loan is made, and shall from time to time revise such Fees and Charges whenever necessary, so that such Fees and Charges actually collected from each such Municipality will at all times

produce monies which, together with other monies available therefor, including any grants made by the United States of America or any agency or instrumentality thereof or by the State or any agency or instrumentality thereof, will be at least sufficient:

- (i) to pay, as the same becomes due, the Administrative Expenses of the Bond Bank; and
- (ii) to pay, as the same become due, the fees and expenses of the Trustee and Paying Agents.

Additional Indebtedness; Community Revenue Bond Coverage Ratio

The General Resolution permits the issuance of additional Community Revenue Bonds and Enhanced Community Revenue Bonds, but not Legacy Bonds, subject to the satisfaction of conditions set forth in the General Resolution. See Appendix A – “FORM OF THE GENERAL RESOLUTION” under “Provisions for Issuance of Bonds.”

Such conditions include, for any additional General Resolution Bonds, a certificate of an Authorized Officer demonstrating that upon issuance of such Series of Bonds, Revenues in each year in which such Series of Bonds will be Outstanding will be sufficient to pay Debt Service in each such year on all Outstanding Bonds when due. See “Pledge of Revenues” above or Appendix A – “FORM OF THE GENERAL RESOLUTION” for the definition of Revenues.

For additional Enhanced Community Revenue Bonds, other than Refunding Bonds, the amount of the Reserve Fund, upon the issuance and delivery of such additional Enhanced Community Revenue Bonds and the deposit in the Reserve Fund of any amount provided therefor in the Series Resolution authorizing the issuance of such additional Bonds, shall not be less than the Required Debt Service Reserve.

For additional Community Revenue Bonds, other than Refunding Bonds, there also must be delivered a certificate of the Bond Bank demonstrating the Community Revenue Bond Coverage in each year in which such Series of Bonds will be Outstanding will be at least equal to the Community Revenue Bond Coverage Ratio Requirement. The Community Revenue Bond Coverage Ratio Requirement equals the greater of (i) 100% and (ii) the percentage specified in the Series Resolution authorizing the issuance of a series of Community Revenue Bonds. The 2026 Series 1 Resolution specifies such requirement to be 100%. The Bond Bank expects to increase the requirement in future series resolutions following amortization of Legacy Bonds. For estimated coverage following the issuance of the Bonds, see “PROJECTED CASH FLOWS.”

The Community Revenue Bond Coverage Ratio is calculated by dividing the sum of estimated Adjusted Revenues for each of the then-current and future Fiscal Years in which Community Revenue Bonds are Outstanding divided by the aggregate scheduled Adjusted Debt Service on Outstanding Community Revenue Bonds and Legacy Bonds, if any, for each such year. “Adjusted Revenues” consists of Municipal Bonds Payments plus investment earnings on amounts in the Revenue Fund. “Adjusted Debt Service” equals Debt Service (as defined in the General Resolution) less any proceeds of a Series of General Resolution Bonds originally deposited with the Trustee for the payment of interest thereon, less investment earnings on amounts in the Reserve Fund transferred to the Principal Account and Interest Account, amounts released from the Reserve Fund as a result of the payment at maturity, refunding, redemption or defeasance of Legacy Bonds or Enhanced Community Revenue Bonds, and less any other revenues that may be identified as Revenues under a Series Resolution. See “Pledge of Revenues” for information regarding amounts identified as Revenues under the 2026 Series 1 Resolution and the table under the heading “PROJECTED CASH FLOWS” herein for the estimated coverage, including the Community Revenue Bond Coverage Ratio, in each year through maturity of the Bonds.

CERTAIN INVESTMENT CONSIDERATIONS

School Consolidation and Facilities Assessment

The Governmental Units include many school districts that receive loans from the Bond Bank to fund projects for public schools. Since 2015, the State has been undergoing a major education reform process which includes a multi-year realignment and consolidation of the pre-k-12 education governance system. Vermont Act 46 (2015) and Act 49 (2017) (together, the “Acts”) include incentives to small school districts to merge in order, among others things, to maximize operational efficiencies and provide equity in quality and funding. Pursuant to the Acts, the Vermont State Board of Education also ordered the involuntary consolidation of a series of school districts that did not voluntarily merge. By operation of law, the consolidated school district, whether formed voluntarily or involuntarily, assumes the property and any related debt, including the Municipal Bonds, of the merged school districts. Several school districts objected to school consolidation and sued the Vermont State Board of Education to avoid merger. While none of such districts claimed that its debt is no longer valid, some argued that the forced merger should not be required because it causes existing debt of a school district to become debt of a consolidated school district, which includes a member that had not authorized such other member’s debt. The State objected to these claims on the basis that the State Legislature, in adopting Act 46, has authority to transfer the existing debt of a school district to the merged school district as part of the consolidation process. The State prevailed, but some school districts appealed the decision to the Vermont Supreme Court, which heard oral arguments on January 15, 2020. On July 10, 2020, the Vermont Supreme Court affirmed the lower court’s decision in favor of the State. Table 2 of Appendix B and the tables under “THE BONDS - Projects Financed by the Bonds” reflect the consolidated school districts as of the date of the Official Statement.

On February 1, 2024, the School Construction Aid Taskforce Report was released following the requirements of Act 78 of 2023. The report followed a statewide facility needs assessment that identified an estimated \$6.35 billion in total facilities needs over the next 20 years. The report also recommends the creation of a new school facilities state aid program. Act 149 of 2024 creates the State Aid for School Construction Working Group to study and design a recommended plan for a statewide school construction aid program. For a copy of the needs assessment, see <https://education.vermont.gov/sites/aoe/files/documents/edu-legislative-report-school-construction-aid-taskforce-2024.pdf>.

On July 1, 2025, Act 73 (2025) was signed by the Governor, which provides for further reform to the State’s education governance, quality, and finance systems, creating five school districts to govern the public education system for the entire State and changing the formula for funding the system. The Act includes the creation of an advisory board to advise the State’s Agency for Education on the implementation of a program to provide State aid for school construction projects. The advisory board includes the Executive Director of the Bond Bank, or a designee, as an ex officio member. Under the Act, the advisory board submitted, on December 15, 2025, a written report to the House Committees on Education and on Ways and Means and the Senate Committees on Education and on Finance providing options for addressing the transfer of any debt obligations from current school districts to future school districts as contemplated by Vermont’s education transformation. All options considered the full and timely repayment of prior debt.

Climate Resiliency and Environmental Risk

The State faces on-going exposure to physical climate risks with seven major disaster declarations from 2023 to the present listed by Federal Emergency Management Agency (“FEMA”) (<https://www.fema.gov/disaster/declarations>). Both declared and undeclared disasters in the past and future will have varying degrees of impact with unknown fiscal and economic consequences to Governmental Units.

The State faces a wide range of potential impacts from the effects of climate change. In 2025, the Vermont Climate Council released the four-year update to the State’s Climate Action Plan, which is required by the Global Warming Solutions Act (Act 153 of 2020) (available at <https://anr.vermont.gov/content/vermont-climate-council-updates-climate-action-plan>). The update includes a chapter on Climate and Climate Change, which describes that the State is becoming warmer and wetter, resulting in interdependent and unpredictable outcomes. The update further includes recommendations to mitigate the negative impacts of Vermont’s changing climate. These changes may result in both negative and positive financial consequences for the Governmental Units.

State incentives exist to encourage local governments with hazard mitigation planning and implementation through the Emergency Relief and Assistance Fund that provides State funding to match Federal Public Assistance following federally-declared disasters. Increased local assistance will be provided by the State if, among other actions, local governments adopt a Local Hazard Mitigation Plan, adopt post-Tropical Storm Irene road and bridge standards, and protect river corridors from new encroachments.

The State is further required to complete the State Hazard Mitigation Plan (“SHMP”) that identifies natural hazards that affect Vermont, assesses risk and vulnerability to these hazards, and identifies top priority mitigation actions at the State level to remove vulnerability and create a more resilient Vermont. The SHMP must be updated and submitted by Vermont Emergency Management (“VEM”) to FEMA for approval every five years with the current plan effective until November 2028. More information on the updated SHMP is available online: <https://vem.vermont.gov/plans/SHMP>.

In 2021, the Vermont legislature passed Act 74, which established the Flood Resilient Communities Fund with the intent of improving landscape and community resilience and reducing the future public safety and water quality impacts of climate-related flood hazards in Vermont, focusing on buyouts of flood-vulnerable properties. This is a voluntary program that prioritizes projects in communities and/or for homeowners with greatest economic need and projects that mitigate repetitive loss among low-income and marginalized portions of the population.

The Bond Bank responded to 2023 flooding impacts in Vermont municipalities with the Municipal Climate Recovery Fund (MCRF) that provides post-event loans to bridge federal reimbursement or otherwise allow medium term flexibility for the amortization of disaster costs. MCRF loans were also provided to towns responding to subsequent flooding events. To date, the MCRF has provided related loans to 27 different borrowers in the amount of \$32 million.

In 2024, the State enacted Act 121, which amends prior law and creates new regulations related to river corridors, flood hazard areas, wetlands, and dams. A summary of the law is available online: <https://legislature.vermont.gov/Documents/2024/Docs/ACTS/ACT121/ACT121%20Act%20Summary.pdf>. Additional legislation was also passed that may contribute to the ability of Governmental Units to respond to acute and chronic environmental risks exist throughout the State. The Bond Bank cannot predict the efficacy of these programs and whether any current or future impact of climate change might adversely impact the ability of any of its Governmental Units to pay debt service on their Municipal Bonds.

Cybersecurity

The Bond Bank and the Governmental Units, like many other public and private entities, rely on a large and complex technology environment to conduct their operations. As a recipient and provider of certain sensitive information, each of the Bond Bank and the Governmental Units may be subject to cyber threats including, but not limited to, hacking, viruses, malware, ransomware, and other attacks on computer and other sensitive digital networks and systems.

Entities or individuals may attempt to gain unauthorized access to the Bond Bank's digital systems for the purposes of misappropriating assets or information or causing operational disruption and damage. The Bond Bank works closely with its information technology providers who maintain, provide back-up services and advise with respect to, and implement all of the Bond Bank's network security controls. On an ongoing basis, the Bond Bank reviews and implements its information technology provider's system security recommendations in an effort to mitigate the impact of any such attack on the operations or finances of the Bond Bank. The Bond Bank maintains a cyber insurance policy to limit potential damages.

Borrower payments and borrower requisitions are managed by a third-party disbursing agent, who currently also serves as Trustee.

Notwithstanding the planning and actions taken to date, the Bond Bank cannot assure that future incidents will not have a potential material impact on the Bond Bank's operations or financial position.

AGREEMENT OF THE STATE AND THE BOND BANK

Section 4621 of the Act provides that the State does pledge to and agree with the holders of the bonds or notes of the Bond Bank that it will not limit or restrict the rights vested in the Bond Bank to fulfill the terms of any agreement made with bondholders or noteholders, or in any way impair the rights or remedies of such holders until the bonds or notes, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of such holders, are fully met and discharged, and, under the General Resolution, the Bond Bank covenants that it will not cause the State to take any such action.

BONDS AS LEGAL INVESTMENTS

Under the provisions of Section 4623 of the Act, the Bonds, in the State of Vermont, are securities in which all public officers and bodies of the State and all its municipalities and municipal subdivisions, all insurance companies and associations, and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are or may be authorized to invest in bonds or other obligations of the State, may properly and legally invest funds, including capital, in their control or belonging to them.

SECURITY FOR PUBLIC DEPOSITS

Bonds or notes of the Bond Bank are authorized security for any and all public deposits in the State.

TAX MATTERS

Mintz, Levin, Cohn, Ferris, Glovsky and Popeo, P.C., Bond Counsel to the Bond Bank ("Bond Counsel"), is of the opinion that, under existing law, interest on the Bonds is excludable from gross income of holders thereof for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"). This opinion is expressly conditioned upon continued compliance with certain requirements imposed by the Code, which requirements must be satisfied subsequent to the date of issuance of the Bonds in order to ensure that the interest on the Bonds is and continues to be excludable from the gross income of the holders thereof. Failure to comply with certain of such requirements could cause interest on the Bonds to be included in the gross income of holders thereof retroactive to the date of issuance of the Bonds. In particular, and without limitation, these requirements include restrictions on the use, expenditure and investment of Bond proceeds and the payment of rebate, or penalties in lieu of rebate, to the United

States, subject to certain exceptions. The Bond Bank has provided covenants and certificates as to continued compliance with such requirements.

In the opinion of Bond Counsel, under existing law, interest on the Bonds is not an item of tax preference for purposes of computation of the federal alternative minimum tax imposed on individuals, however, it may be taken into account for the purpose of computing the federal alternative minimum tax imposed on certain corporations. Bond Counsel has not opined as to any other matters of federal tax law relating to the Bonds. However, prospective purchasers should be aware that certain collateral consequences may result under federal tax law for certain holders of the Bonds. The nature and extent of these consequences depends on the particular tax status of the holder and the holder's other items of income or deduction. Holders should consult their own tax advisors with respect to such matters.

Interest paid on tax-exempt obligations such as the Bonds is generally required to be reported by payors to the Internal Revenue Service ("IRS") and to recipients in the same manner as interest on taxable obligations. In addition, such interest may be subject to "backup withholding" if the Bond holder fails to provide the information required on IRS Form W-9, Request for Taxpayer Identification Number and Certification, or the IRS has specifically identified the Bond holder as being subject to backup withholding because of prior underreporting. Neither the information reporting requirement nor the backup withholding requirement affects the excludability of interest on the Bonds from gross income for federal tax purposes.

Interest on the Bonds includes any original issue discount, which with respect to a Bond, is equal to the excess, if any, of the stated redemption price at maturity of such Bond over the initial offering price thereof to the public, excluding underwriters and other intermediaries, at which price a substantial amount of all such Bonds with the same series and maturity was sold. Original issue discount accrues based on a constant yield method over the term of a Bond. Holders should consult their own tax advisors with respect to the computations of original issue discount during the period in which any such Bond is held.

An amount equal to the excess, if any, of the purchase price of a Bond over the principal amount payable at maturity constitutes amortizable bond premium. The required amortization of such premium during the term of a Bond will result in reduction of the holder's tax basis in such Bond. Such amortization also will result in reduction of the amount of the stated interest on the Bond taken into account as interest for tax purposes. Holders of Bonds purchased at a premium should consult their own tax advisors with respect to the determination and treatment of such premium for federal income tax purposes and with respect to the State or local tax consequences of owning such Bonds.

In the opinion of Bond Counsel, under existing law, interest on the Bonds is exempt from State of Vermont personal income taxes and State of Vermont corporate income taxes. Bond Counsel has not opined as to the taxability of the Bonds and the interest thereon under the laws of any state other than Vermont.

Bond Counsel's opinions are based on existing law, which is subject to change. Such opinions are further based on factual representations made to Bond Counsel as of the date thereof. Bond Counsel has not undertaken to update or supplement its opinions in the future to reflect any facts or circumstances that may thereafter come to Bond Counsel's attention, or to reflect any events that occur after the date of issuance of the Bonds, including legislation, court decisions, or administrative actions, whether at the federal or state level, that may affect the tax exempt status of interest on the Bonds, or the tax consequences of ownership of the Bonds. Moreover, Bond Counsel's opinions are not a guarantee of a particular result and are not binding on the IRS or the courts; rather such opinions represent Bond Counsel's professional judgment based on its review of existing law and its reliance on the representations and covenants that it deems relevant to such opinions. No assurance can be given that future legislation, if enacted into law, will not contain provisions which could directly or indirectly reduce or eliminate the benefit of the exclusion of the interest on the Bonds from gross income for federal income tax purposes or any state tax benefit of the Bonds. Tax reform

proposals and deficit reduction measures, including but not limited to proposals to reduce the benefit of the interest exclusion from income for certain holders of tax-exempt bonds, including bonds issued prior to the proposed effective date of the applicable legislation, and other proposals to limit federal tax expenditures, have been and are expected to be under ongoing consideration by the United States Congress. These proposed changes could affect the market value or marketability of the Bonds, and, if enacted into law, could also affect the tax treatment of all or a portion of the interest on the Bonds for some or all holders. Holders should consult their own tax advisors with respect to any of the foregoing tax consequences.

LITIGATION AND OTHER PROCEEDINGS

There is no controversy or litigation of any nature now pending, or to the knowledge of the Bond Bank, threatened, restraining or enjoining the issuance, sale, execution or delivery of the Bonds or prohibiting the Bond Bank from making the Loans with the proceeds of the Bonds or any proceeding of the Bond Bank taken with respect to the issuance or sale thereof, or the pledge or application of any monies or security provided for the payment of the Bonds or the existence or powers of the Bond Bank.

APPROVAL OF LEGALITY

All legal matters incident to the authorization, issuance, sale and delivery of the Bonds are subject to the approval of Mintz, Levin, Cohn, Ferris, Glovsky and Popeo, P.C., Bond Counsel. The opinion will be substantially in the form attached hereto as Appendix C. Each Loan made by the Bond Bank with a portion of the proceeds of the Bonds will be made by the Bond Bank subject to the approval of the Municipal Bonds securing each Loan and to the validity and enforceability of the Loan Agreements entered into by each of the Governmental Units by bond counsel to each of the Governmental Units, and such bond counsel will, at the time of the making of each Loan, provide the Bond Bank with an opinion as to the validity and enforceability of the Municipal Bonds securing the Loan and the Loan Agreement entered into by each Governmental Unit.

During the last five years certain annual financial information and operating data was not linked to all of the applicable CUSIPs on EMMA, but such linking of these filings to all relevant CUSIPs has been corrected.

A RESOLUTION CREATING AND ESTABLISHING AN ISSUE OF BONDS OF THE VERMONT BOND BANK; PROVIDING FOR THE ISSUANCE FROM TIME TO TIME OF SAID BONDS; PROVIDING FOR THE PAYMENT OF PRINCIPAL AND INTEREST OF SAID BONDS; AND PROVIDING FOR THE RIGHTS OF THE HOLDERS THEREOF

BE IT RESOLVED by the Directors of the Vermont Bond Bank as follows:

ARTICLE I

Statutory Authority and Definitions

101. Authority for This Resolution. This Resolution is adopted pursuant to the provisions of the Act.

102. Resolution Constitutes Contract. In consideration of the purchase and acceptance of any and all of the Bonds issued hereunder by those who shall hold the same from time to time, this Resolution shall be deemed to be and shall constitute a contract between the Bank and the Holders of the Bonds, and the pledges made in this Resolution and the covenants and agreements herein set forth to be performed by the Bank shall be for the equal benefit, protection and security of the Holders of any and all of the Bonds, all of which, without regard to the time or times of their issue or maturity, shall be of equal rank without preference, priority or distinction of any of the Bonds over any other thereof, except as expressly provided in or permitted by this Resolution.

103. Definitions. The following terms shall, for all purposes of this Resolution, have the following meanings unless the context shall clearly indicate some other meaning:

“Accreted Value” shall mean, as of any interest payment date, with respect to any non-interest bearing Bonds, the amount representing the original principal plus the amount of interest that has accrued to such date as specified in the Series Resolution.

“Act” shall mean the Vermont Bond Bank Law being Public Act No. 216 of the laws of Vermont enacted by the General Assembly of the State of Vermont at the 1969 Adjourned Session, as amended.

“Adjusted Debt Service” shall mean Debt Service less the amounts set forth in clauses (iii), (iv) and (v) of the definition of Revenues.

“Administrative Expenses” shall mean the Bank’s expenses of carrying out and administering its powers, duties and functions, as authorized by the Act, and shall include, without limiting the generality of the foregoing: administrative expenses, legal, accounting and consultant’s services and expenses, payments to underwriters or placement agents of the Bonds,

payments to pension, retirement, health and hospitalization funds, fees of a Credit Bank or insurer, rebate payments to the United States Treasury Department, and any other expenses required or permitted to be paid by the Bank under the provisions of the Act or this Resolution or otherwise.

“Agency Obligations” shall mean obligations issued or guaranteed by the Federal National Mortgage Association, Government National Mortgage Association, Federal Financing Bank, Federal Intermediate Credit Banks, Federal Farm Credit Bank, Banks for Cooperatives, Federal Land Banks, Federal Farm Credit Banks Funding Corporation, Farm Credit System Financial Assistance Corporation, Federal Home Loan Banks, Farmers Home Administration, Export-Import Bank of the United States, Resolution Funding Corporation, Student Loan Marketing Association, United States Postal Service, Tennessee Valley Authority, Federal Home Loan Mortgage Corporation or any other agency or corporation which has been or may hereafter be created pursuant to an act of Congress as an agency or instrumentality of the United States of America.

“Aggregate Debt Service” for any period shall mean, as of any date of calculation and with respect to all Bonds, the sum of the amounts of Debt Service for such period.

“Aggregate Interest” for any period shall mean, as of any date of calculation, an amount equal to interest accruing during such period on all Bonds. Such interest shall be calculated on the assumption that no Bonds Outstanding at the date of calculation will cease to be Outstanding except by reason of the payment of the principal amount of such Bonds on the due date thereof. With respect to Variable Rate Bonds or variable rate Municipal Bonds interest requirements shall be determined by reference to the maximum interest rate.

“Amortized Value,” when used with respect to Investment Securities purchased at a premium above or a discount below par, shall mean the value as of any given time calculated by the Bank and obtained by dividing the total premium or discount at which such Investment Obligation was purchased by the number of days remaining to maturity on such Investment Obligation at the date of such purchase and by multiplying the amount thus calculated by the number of days having passed since such purchase, and (1) in the case of an Investment Obligation purchased at a premium by deducting the product thus obtained from the purchase price, and (2) in the case of an Investment Obligation purchased at a discount by adding the product thus obtained to the purchased price.

“Authorized Officer” shall mean any member of the Bank, its Chairman and any other officer or employee of the Bank authorized by resolution of the Bank to perform the act or sign the document in question.

Community Revenue Bonds are not secured by the Reserve Fund.

Such interest and principal payments for such Series shall be calculated on the assumption that no Bonds (except Variable Rate Bonds actually tendered for payment prior to the stated maturity thereof) of such Series Outstanding at the date of calculation will cease to be Outstanding except by reason of the payment of the principal payment on the

due date thereof; provided, however, that with respect to Variable Rate Bonds tendered for payment before the stated maturity thereof, interest shall be deemed to accrue on the date required to be paid pursuant to such tender, and provided further, that with respect to Variable Rate Bonds or variable rate Municipal Bonds interest requirements shall be determined by reference to the maximum interest rate. A Series Resolution may provide that interest expense on Credit Facilities drawn upon to purchase but not to retire Bonds, to the extent such interest exceeds the interest otherwise payable on such Bonds may be included in the determination of Debt Service.

“Enhanced Community Revenue Bonds” shall mean Bonds issued by the Bank pursuant to this Resolution and identified as “Enhanced Community Revenue Bonds” in the Series Resolution authorizing the issuance of such Bonds. The Bonds of each Series shall be issued in the form of fully registered Bonds without coupons, or as book-entry Bonds as provided in the applicable Series Resolution in the denominations set forth in the applicable Series Resolution.

The Bonds of a Series may be issued as one fully registered bond for each maturity date, in aggregate principal amounts equal to the amount of principal maturing on each such date, and registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York (“DTC”). On original issue, such Bonds shall be deposited with DTC for the purpose of maintaining a book-entry system for recording the ownership interests of its participants and the transfer of those interests among its participants. In the event that DTC determines not to continue to act as securities depository for such Bonds or the Bank determines not to continue the book-entry system for recording ownership interests in any such Series of Bonds with DTC, the Bank will discontinue the book-entry system with DTC. If the Bank does not select another qualified securities depository to replace DTC (or a successor depository) in order to continue a book-entry system, the Trustee will register and deliver replacement bonds in the form of fully registered certificates, in authorized denominations as provided in the applicable Series Resolution, in accordance with instructions from Cede & Co., as nominee for DTC. In the event that the Bank identifies a qualified securities depository to replace DTC, Cede & Co., as nominee for DTC, will instruct the Trustee to register and deliver replacement Bonds for such Series, fully registered in the name of such depository, or its nominee, in the denominations as set forth above, as reduced from time to time prior to maturity in connection

with redemptions or retirements by purchase, call or payment, and in such event, such depository will then maintain the book-entry system for recording ownership interests in such Bonds.

Bonds of each Series issued prior to the first interest payment date thereof shall be dated as of the date specified in the Series Resolution authorizing the issuance thereof. Bonds issued on or subsequent to the first interest payment date thereof shall be dated as of the date six months preceding the interest payment date next following the date of delivery thereof, unless such date of delivery shall be an interest payment date, in which case they shall be dated as of such date of delivery; provided, however, that if, as shown by the records of the Trustee, interest on the Bonds of any Series issued in lieu of Bonds surrendered for transfer or exchange may be dated as of the date to which interest has been paid in full on the Bonds surrendered. Bonds of each Series shall bear interest from their date.

For all purposes of the Act relating to or dealing with the date of the Bonds, Bonds of any Series shall be deemed to be dated as of the date specified for the Bonds of such Series in the Series Resolution authorizing the issuance thereof.

All Bonds of each Series shall mature and bear interest as set forth in the Series Resolution authorizing the issuance thereof.

302. Legends. The Bonds of each Series may contain or have endorsed thereon such provisions, specifications and descriptive words not inconsistent with the provisions of this Resolution as may be necessary or desirable to comply with custom, or otherwise, as may be determined by the Bank prior to the delivery thereof.

(1) The Bonds shall be executed in the name of the Bank by the manual or facsimile signature of such officer or employee of the Bank as shall be directed by the Series Resolution and its corporate seal (or a facsimile thereof) shall be thereunto affixed, imprinted, engraved or otherwise reproduced, and attested by the manual or facsimile signature of such officer or employee of the Bank as shall be directed by the Series Resolution authorizing the issuance thereof, or in such other manner as may be required by law. In case any one or more of the officers or employees who shall have signed or sealed or whose facsimile signature appears on any of the Bonds shall cease to be such officer or employee before such Bonds shall have been actually authenticated and delivered by the Trustee, such Bonds may, nevertheless, be authenticated and delivered as herein provided, and may be issued as if the persons who signed or sealed or whose facsimile signature appears on such Bonds had not ceased to hold such offices or be so employed. Any Bond of a Series may be signed and sealed on behalf of the Bank by such persons as at the actual time of the execution of such Bond shall be duly authorized or hold the proper office in or employment by the Bank, although at the date of the Bonds of such Series such persons may not have been so authorized or have held such office or employment.

(2) The Bonds of each Series shall bear thereon a certificate of authentication, in the form set forth in the Series Resolution authorizing such Bonds, executed manually by the Trustee. Only such Bonds as shall bear thereon such certificate of authentication shall be entitled to any right or benefit under the Resolution and no Bond shall be valid or obligatory for any purpose until such certificate of authentication shall have been duly executed by the Trustee.

Such certificate of the Trustee upon any Bond executed on behalf of the Bank shall be conclusive evidence that the Bond so authenticated has been duly authenticated and delivered under the Resolution and that the Holder thereof is entitled to the benefits of the Resolution.

304. Interchangeability of Bonds. Bonds, upon surrender thereof at the corporate trust office of the Trustee with a written instrument of transfer satisfactory to the Trustee, duly executed by the registered owner or his attorney duly authorized in writing, may, at the option of the registered owner thereof, be exchanged for Bonds of the same Series and maturity of any other authorized denominations.

Upon the transfer of any such Bond, the Bank shall issue in the name of the transferee a new Bond or Bonds of the same aggregate principal amount and Series and maturity as the surrendered Bond.

The Bank and the Trustee may deem and treat the person in whose name any Outstanding Bond shall be registered upon the books of the Bank as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal and Redemption Price, if any, of and interest on such Bond and for all other purposes, and all such payments so made to any such registered owner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid, and neither the Bank nor the Trustee shall be affected by any notice to the contrary. The Bank agrees to indemnify and save the Trustee harmless from and against any and all loss, cost, charge, expense, judgment or liability incurred by it, acting in good faith and without negligence hereunder, in so treating such registered owner.

307. Regulations with Respect to Exchanges and Transfers. In all cases in which the privilege of exchanging Bonds or transferring Bonds is exercised, the Bank shall execute and the Trustee shall authenticate and deliver Bonds in accordance with the provisions of this Resolution. All Bonds surrendered in any such exchanges or transfers shall forthwith be cancelled by the Trustee. For every such exchange or transfer of Bonds, whether temporary or definitive, the Bank or the Trustee may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer,

which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer. Notwithstanding any other provision of this Resolution, the cost of preparing each new Bond upon each exchange or transfer, and any other expenses of the Bank or the Trustee incurred in connection therewith (except any applicable tax, fee or other governmental charge) shall be paid by the Bank as an Administrative Expenses. The Bank shall not be obliged to make any such exchange or transfer of Bonds of any Series during the fifteen (15) days next preceding an interest payment date on the Bonds of such Series or, in the case of any proposed redemption of Bonds of such Series, next preceding the date of the selection of Bonds to be redeemed.

308. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Bond shall become mutilated or be destroyed, stolen or lost, the Bank shall execute and the Trustee shall authenticate and deliver a new Bond of like Series, maturity, interest rate and principal amount as the Bond so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond or in lieu of and substitution for the Bond destroyed, stolen or lost, upon filing with the Bank evidence satisfactory to the Bank and the Trustee that such Bond has been destroyed, stolen or lost and proof of ownership thereof, and upon furnishing the Bank and the Trustee with indemnity satisfactory to them and complying with such other reasonable regulations as the Bank and the Trustee may prescribe and paying such expenses as the Bank and the Trustee may incur in connection therewith. All Bonds so surrendered to the Trustee shall be cancelled by it and evidence of such cancellation shall be given to the Bank.

309. Preparation of Definitive Bonds; Temporary Bonds. The definitive Bonds of each Series shall be lithographed or printed on steel engraved borders. Until the definitive Bonds of any Series are prepared, the Bank may execute, in the same manner as is provided in Section 303, and upon the request of the Bank, the Trustee shall authenticate and deliver, in lieu of definitive Bonds, but subject to the same provisions, limitations and conditions as the definitive Bonds, except as to the denominations thereof and as to exchangeability for Bonds, one or more temporary Bonds, substantially of the tenor of the definitive Bonds in lieu of which such temporary Bond or Bonds are issued in denomination authorized by the Bank, and with such omissions, insertions and variations as may be appropriate to temporary Bonds. The installments of interest payable on such temporary Bonds shall be payable only upon the presentation and surrender of such temporary Bonds. 401. Privilege of Redemption and Redemption Price. Bonds subject to redemption prior to maturity pursuant to the provisions of a Series Resolution shall be redeemable, upon notice as provided in this Article IV, at such times, at such Redemption Prices and upon such terms as may be specified in the Series Resolution authorizing such Series.

402. Redemption at the Election or Direction of the Bank. In the case of any redemption of Bonds other than as provided in Section 403, the Bank shall give written notice to the Trustee of its election or direction so to redeem, of the redemption date, of the Series, of the principal amounts of the Bonds of each maturity of such Series to be redeemed (which Series, maturities and principal amounts thereof to be redeemed shall be determined by the Bank in its sole discretion, subject to any limitations with respect thereto contained in the Act or this Resolution and any Series Resolution) and of the moneys to be applied to the payment of the Redemption Price. Except as otherwise provided in a Series Resolution, such notice shall be given at least thirty-five (35) days prior to the redemption date or such shorter period as shall be acceptable to the Trustee. The direction to the Trustee to provide notice of redemption may provide that such notice be conditioned, as set forth in Section 405, upon the occurrence or non-occurrence of a particular event, including, without limitation, the deposit with the Trustee of moneys sufficient to redeem all of the Bonds called for redemption. In the event notice of redemption shall have been given as in Section 405 provided, the Trustee, if it holds the moneys to be applied to the payment of the Redemption Price, or otherwise the Bank, shall, prior to the redemption date, pay to the Trustee and the appropriate Paying Agent or Paying Agents an amount in cash which, in addition to other moneys, if any, available therefor held by the Trustee and such Paying Agent or Paying Agents, will be sufficient to redeem, on the redemption date at the redemption Price thereof, together with interest accrued to the redemption date, all of the Bonds to be redeemed. The Bank shall promptly notify the Trustee in writing of all such payments made by the Bank to a Paying Agent.

403. Redemption Other Than at Bank's Election or Direction. Whenever by the terms of this Resolution the Trustee is required to redeem Bonds other than at the election or direction of the Bank, the Trustee shall select the Bonds to be redeemed, give the notice of redemption and pay the Redemption Price thereof, together with interest accrued to the redemption date, to itself and the appropriate Paying Agents in accordance with the terms of this Article IV and, to the extent applicable, the provisions of Section 604.

404. Selection of Bonds to be Redeemed. In the event of redemption of less than all of the Outstanding Bonds of like Series, the Bonds to be redeemed shall be determined as set forth in the Series Resolution applicable to the Bonds to be redeemed.

405. Notice of Redemption. When the Trustee shall receive notice from the Bank of its election or direction to redeem Bonds pursuant to Section 402, and when redemption of Bonds is required by this Resolution pursuant to Section 403, the Trustee shall give notice, in the name of the Bank, of the redemption of such Bonds, which notice shall specify the Series and maturities of the Bonds to be redeemed, the redemption date and the place or places where

amounts due upon such redemption will be payable and, if less than all of the Bonds of any like Series and maturity are to be redeemed, the letters and numbers or other distinguishing marks of such Bonds so to be redeemed, and, in the case of Bonds to be redeemed in part only, such notice shall also specify the respective portions of the principal amount thereof to be redeemed. Such notice shall further state that on such date there shall become due and payable upon each Bond to be redeemed the Redemption Price thereof, or the Redemption Price of the specified portions of the principal thereof in the case of Bonds to be redeemed in part only, together with interest accrued to the redemption date, and that from and after such date interest thereon shall cease to accrue and be payable. Unless a different period is specified in the Series Resolution, the Trustee shall mail a copy of such notice, postage prepaid, not less than twenty (20) days before the redemption date, to the registered owners of any Bonds or portions of Bonds which are to be redeemed at their last addresses, if any, appearing upon the registry books.

In the case of any conditional optional redemption, the corresponding notice of redemption shall state that: (a) it is conditioned upon the occurrence or non-occurrence of a particular event, briefly describing such event, or, if applicable, that it is conditioned on the deposit of moneys with the Trustee in an amount equal to the amount necessary to effect the redemption no later than the redemption date; and (b) the Bank retains the right to rescind such notice on or prior to the scheduled redemption date, and such notice and conditional optional redemption shall be of no effect if the event described in clause (a) does not occur/occurs, as the case may be, or such moneys are not so deposited, as applicable, and the notice is rescinded as described in this subsection. Any such notice of conditional optional redemption shall be captioned "Conditional Notice of Optional Redemption." Any conditional optional redemption may be rescinded at any time prior to the redemption date if an Authorized Representative delivers a written direction to the Trustee directing the Trustee to rescind the redemption notice. The Trustee shall give prompt notice of such rescission to the affected Registered Owners. Any Bonds subject to conditional optional redemption where redemption has been rescinded shall remain Outstanding, and neither the rescission nor the failure by the Bank to make such funds available shall constitute an event of default under this Resolution.

406. Payment of Redeemed Bonds. Notice having been given in the manner provided in Section 405, and conditions satisfied in the case of conditional optional redemption, the Bonds or portions thereof so called for redemption shall become due and payable on the redemption date so designated at the Redemption Price, plus interest accrued and unpaid to the redemption date, and, upon presentation and surrender thereof at the offices specified in such notice, together with, in the case of Bonds registered other than to bearer presented by other than the registered owner, a written instrument of transfer duly executed by the registered owner or his duly authorized attorney, such Bonds, or portions thereof, shall be paid at the Redemption Price plus interest accrued and unpaid to the redemption date. If there shall be drawn for redemption less than all of a Bond, the Bank shall execute and the Trustee shall authenticate and deliver, upon the surrender of such Bond, without charge to the owner thereof, for the unredeemed balance of the principal amount of the Bond so surrendered at the option of the owner thereof Bonds of like Series and maturity in any authorized denomination. If on the redemption date moneys for the redemption of all the Bonds or portions thereof of any like Series and maturity to be redeemed together with interest to the redemption date shall be held by the Trustee and Paying Agents so as to be available therefor on said date and if notice of redemption shall have been given as aforesaid, then, from and after the redemption date interest

on the Bonds or portions thereof of such Series and maturity so called for redemption shall cease to accrue. If said moneys shall not be so available on the redemption date such Bonds or portions thereof shall continue to bear interest until paid at the same rate as they would have borne had they not been called for redemption.

(4) The Trustee shall, on or before each interest payment date of the Community Revenue Bonds, pay, out of the moneys then held for the credit of the Community Revenue

Bond Subaccount of the Interest Account, to itself and the Paying Agents, the amounts required for the payment by it and such Paying Agents of the interest becoming due on the Community Revenue Bonds on such interest payment date, and such amounts so withdrawn are hereby irrevocably pledged for and shall be applied to the payment of such interest. The Trustee shall also pay out of the Community Revenue Bond Subaccount of the Interest Account to itself and the appropriate Paying Agents, on or before any redemption date for Community Revenue Bonds being refunded by a Refunding Issue, the amount required for the payment of interest on the Community Revenue Bonds then to be redeemed, to the extent not otherwise provided pursuant to the other provisions of this Resolution.

(5) The Trustee shall, on, or before each principal payment date of the Community Revenue Bonds, pay, out of the moneys then held for the credit of the Community Revenue Bond Subaccount of the Principal Account, to itself and the Paying Agents, the amounts required for the payment by it and such Paying Agents of the principal becoming due on the Community Revenue Bonds on such principal payment date, and such amounts so withdrawn are hereby irrevocably pledged for and shall be applied to the payment of such principal.

(7) The Trustee shall, on, or before each principal payment date of the Enhanced Community Revenue Bonds, pay, out of the moneys then held for the credit of the Enhanced Community Revenue Bond Subaccount of the Principal Account, to itself and the Paying Agents, the amounts required for the payment by it and such Paying Agents of the principal becoming due on the Enhanced Community Revenue Bonds on such principal payment date, and such amounts so withdrawn are hereby irrevocably pledged for and shall be applied to the payment of such principal.

(8) The Trustee shall establish in the Redemption Account a separate sub-account for the Bonds of each Series outstanding.

(a) Any moneys deposited into the Redemption Account pursuant to paragraph (5) of Section 603 or pursuant to paragraph (4) of Section 606 shall be set aside in each separate sub-account established as aforesaid, in the same ratio as the original principal amount of the Bonds of the Series of Bonds for which such sub-account is established bears to the total original principal amount of Bonds of all Series of Bonds then Outstanding. The Bank shall deposit or cause to

be deposited in the Redemption Account such portion of the moneys received as the proceeds of sale or redemption of Municipal Bonds, as required by Section 916 hereof, and, upon any such deposit, shall advise the Trustee in writing of the name of the Municipality which is the issuer of the Municipal Bonds sold or redeemed, and the Series or Series of Bonds to which the same relates. Upon receipt of any such moneys, the Trustee shall set aside in the appropriate sub-account or sub-accounts the applicable portion of the proceeds of sale or redemption of the Municipal Bonds. Moneys so held in each such separate sub-account by the Trustee shall be applied to the purchase or retirement of the Bonds of the Series in respect of which such sub-account was created, provided that after such purchase or retirement the Bank shall be in compliance with Section 601(2), as follows:

The Trustee shall promptly apply such moneys to the purchase of Bonds of such maturity or maturities of the Series in respect of which such sub-account was created as directed by an Authorized Officer at the most advantageous price obtainable with reasonable diligence, whether or not such Bonds shall then be subject to redemption, such price, however, not to exceed the Redemption Price which would be payable on the next ensuing date on which the Bonds of the Series so purchased are redeemable according to their terms. The Authorized Officer shall direct the purchase of such maturity or maturities as will result in the largest reduction of Aggregate Interest for such Series of Bonds. The Trustee shall pay the interest accrued on the Bonds so purchased to the date of delivery thereof to the Trustee from the Interest Account and the balance of the purchase price from the applicable sub-account established with it, as hereinabove provided, but no such purchase shall be made by the Trustee within the period of forty-five (45) days next preceding a date on which such Bonds are subject to redemption under the provisions of the Series Resolution authorizing the issuance thereof.

In the event the Trustee is unable to purchase Bonds of a Series in accordance with and under the foregoing provisions of this subparagraph (a) the Trustee shall call for redemption on the next ensuing redemption date such amount of Bonds of such maturity or maturities of the Series in respect of which such sub-account was created as directed by an Authorized Officer as, at the Redemption Price thereof, will exhaust said sub-account as nearly as may be. The Authorized Officer shall direct the redemption of such maturity or maturities as will result in the largest reduction of Aggregate Interest for such Series of Bonds. Such redemption shall be made pursuant to the provisions of Article IV hereof. The Trustee shall pay the interest accrued on the Bonds so redeemed to the date of redemption from the Interest Account and the Redemption Price from the applicable sub-account.

(b) In lieu of the redemption of Bonds of a Series pursuant to Article IV hereof, there may, at the option of the Bank, (A) be delivered to the Trustee Bonds of such Series then subject to mandatory sinking fund redemption theretofore acquired by the Bank and (B) be applied as a credit against the

obligation of the Bank to make sinking fund payments hereunder Bonds of such Series then subject to mandatory sinking fund redemption theretofore delivered to the Trustee by the Bank or acquired by the Trustee or redeemed otherwise than through operation of the sinking fund and not theretofore applied as a credit against any sinking fund payment. At any time and from time to time on or before the 45th day next preceding each sinking fund payment date, the Bank shall deliver to the Trustee (i) a certificate of the Bank specifying the portions of such sinking fund payment to be satisfied by payment of cash, by delivery of Bonds theretofore acquired and by credit for Bonds previously delivered, acquired or redeemed stating that no such Bonds have heretofore been made the basis of any credit against any sinking fund payment, and (ii) Bonds of such Series to the extent not previously delivered to the Trustee.

(c) If at any time the moneys on deposit to the credit of the Reserve Fund, or the investments thereof, are less than the Required Debt Service Reserve, and there are then moneys on deposit in any sub-account in the Redemption Account with respect to Legacy Bonds or Enhanced Community Revenue Bonds resulting from moneys credited thereto pursuant to paragraph (4) of Section 603 or pursuant to paragraph (4) of Section 606, the Trustee shall transfer from each such sub-account in the same ratio as provided for deposits therein pursuant to subparagraph (a) of this paragraph (4), the moneys deposited in the Redemption Account pursuant to paragraph (5) of Section 603 or pursuant to paragraph (4) of Section 606 with respect to Legacy Bonds or Enhanced Community Revenue Bonds, and deposit to the credit of the Reserve Fund the amounts sufficient (or all of the moneys in said sub-accounts if less than the amounts sufficient) to make up such deficiency.

(9) In the event there shall be, on any interest payment date, a deficiency in the Legacy Bond Subaccount or the Enhanced Community Revenue Bond Subaccount of the Interest Account, or, in the event there shall be, on any principal payment date, a deficiency in the Legacy Bond Subaccount or the Enhanced Community Revenue Bond Subaccount of the Principal Account, the Trustee shall make up such deficiencies from the Reserve Fund by the withdrawal of moneys therefrom for that purpose and by the sale or redemption of securities held in the Reserve Fund, if necessary, in such amounts as will, at the respective times, provide moneys in the Legacy Bond Subaccount or the Enhanced Community Revenue Bond Subaccount of the Interest Account and the Legacy Bond Subaccount or the Enhanced Community Revenue Bond Subaccount of the Principal Account sufficient to make up any such deficiency, and the Trustee shall, in accordance with the provisions of paragraph (4) of Section 603, pay into the Reserve Fund from the General Account, to the extent that moneys therein are available for such purpose, the amount required to bring the Reserve Fund up to the Required Debt Service Reserve. Whenever the assets of the Revenue Fund and the Reserve Fund shall be sufficient in the aggregate to provide moneys to pay, redeem or retire all Legacy Bonds and Enhanced Community Revenue Bonds then Outstanding, including such interest thereon as may thereafter become due and payable to maturity or date of redemption, no further payments need be made into the Revenue Fund or Reserve Fund.

(10) The Interest Account, the Principal Account and the Redemption Account shall be drawn upon for the sole purpose of paying the principal and Redemption Price of and interest on the Bonds. Moneys set aside from time to time with the Trustee and Paying Agents for the payment of such principal, Redemption Price and interest shall be held in trust for the Holders of the Bonds in respect of which the same shall have been so set aside. Until so set aside for the payment of principal, Redemption Price or interest, as aforesaid, all moneys in such accounts shall be held in trust for the benefit of the Holders of all Bonds at the time outstanding equally and ratably and without any preference or distinction as between Bonds of different Series, except that moneys on deposit in the separate sub-accounts established in the Redemption Account shall be held in trust for and applied to the payment of the Bonds of the Series for which the applicable sub-account was established.

605. Operating Account. There shall be deposited in the Operating Account such portion of the proceeds of the sale of Bonds, if any, as shall be provided by the Series Resolution authorizing the issuance thereof, moneys withdrawn from the General Account pursuant to the provisions of paragraph (3) of Section 603, all Fees and Charges collected by the Trustee and any other moneys which may be made available to the Bank for the purposes of the Operating Account from any other source or sources. Moneys at any time held for the credit of the Operating Account shall be used for and applied solely to the following purposes:

- (a) To pay the Administrative Expenses of the Bank;
- (b) To pay the fees and expenses of the Trustee and Paying Agents; and
- (c) Financing costs incurred with respect to a Series of Bonds, including fees and expenses of the attorney or firm of attorneys of recognized standing in the field of municipal law selected by the Bank, initial Trustees' and Paying Agents' fees and expenses, costs and expenses of financial consultants, printing costs and expenses, the payment to any officers, departments, boards, agencies, divisions and commissions of the State of any statement of cost and expense rendered to the Bank pursuant to Section 4556 of the Act, and all other financing and other miscellaneous costs, in the aggregate amount specified in the Series Resolution authorizing such Series of Bonds. Payments from the Operating Account shall be made by the Trustee, upon receipt of a requisition, signed by an Authorized Officer, stating in respect to each payment to be made, at least, (i) the item number of the payment, (ii) the name of the person or party to whom payment is to be made, (iii) the amount to be paid, and (iv) that obligations in the stated amounts have been incurred by the Bank, and that each item thereof is a proper charge against the moneys in the Operating Account and has not been paid and that such payment is not prohibited by Section 4677 of the Act. Upon receipt of each such requisition, the Trustee shall pay each such item directly to the person or party entitled thereto as named in such requisition, or, if directed by the Bank, shall deliver to the Bank a check, draft or warrant in an amount sufficient for the payment thereof.

606. Reserve Fund. (1) The Reserve Fund shall be held by the Trustee. The Bank shall pay into such Reserve Fund such portion of the moneys appropriated and made available by the State and paid to the Bank for the purpose of the Reserve Fund; all moneys paid to the Bank pursuant to Section 4675 of the Act for the purpose of restoring the Reserve Fund to the amount of the Required Debt Service Reserve; such portion of the proceeds of sale of Enhanced Community Revenue Bonds, if any, as shall be provided by the Series Resolution authorizing the issuance thereof; such portion of the proceeds of the sale of Notes, if any, as shall be provided by the resolution of the Bank authorizing the issuance thereof, and any other moneys which may be made available to the Bank for the purposes of the Reserve Fund from any other source or sources, and the Trustee shall deposit in and credit to the Reserve Fund all moneys transferred from the General Account pursuant to the provisions of paragraph (4) of Section 603 and all moneys transferred from the Redemption Account pursuant to the provisions of subparagraph (c) of paragraph (8) of Section 604.

(2) Moneys and securities held for the credit of the Reserve Fund shall be transferred by the Trustee to the Interest Account and Principal Account at the times and in the amounts required to comply with the provisions of paragraph (9) of Section 604 only with respect to Legacy Bonds and Enhanced Community Revenue Bonds.

(3) Any income or interest earned by the Reserve Fund due to the investment thereof shall be transferred by the Trustee promptly to the General Account, but only to the extent that any such transfer will not reduce the amount of the Reserve Fund below the Required Debt Service Reserve.

(4) If, at any time upon the payment or retirement of Legacy Bonds or Enhanced Community Revenue Bonds at maturity or upon purchase or redemption, the moneys and securities in the Reserve Fund are in excess of an amount equal to the Required Debt Service Reserve and the use or transfer of such excess is not otherwise provided for in this Resolution, the Trustee, upon the written request of the Bank signed by an Authorized Officer, shall transfer such excess to and deposit the same in the applicable sub-account in the Redemption Account for Legacy Bonds or Enhanced Community Revenue Bonds only.

607. Disposition of Bonds Upon Payment. Except as may otherwise be provided with respect to Variable Rate Bonds in a Series Resolution, all Bonds paid and redeemed, or purchased by the Trustee, under the provisions of this Resolution, either at or before maturity, shall be cancelled when such payment, redemption or purchase is made, and such Bonds, unless then held by the Trustee, shall be delivered to the Trustee. All cancelled Bonds shall from time to time, upon direction of the Bank, be cremated or otherwise destroyed by the Trustee. The Trustee shall execute a certificate of cremation or other destruction in duplicate describing the Bonds so cremated or otherwise destroyed, and one executed certificate shall be filed with the Bank and the other executed certificate shall be retained by the Trustee.

608. Calculation of Obligations. At the time of issuance and delivery of each Series of Bonds under this Resolution and at the time of each purchase pursuant to Section 604 hereof and redemption of Bonds pursuant to the provisions of this Resolution, the Bank shall compute or recompute and furnish the Trustee with a certificate setting forth (a) the principal amount, schedule of maturities and interest rates on the Bonds of each Series then Outstanding,

and (b) the principal amount, schedule of maturities and schedule of the interest payments due thereon for each Municipal Bond the principal amount, schedule of maturities and interest due thereon which has changed since the last certificate delivered pursuant to this Section 608.

609. Trustee's Maintenance of Records on Payment of Bonds. In connection with the payment, redemption or purchase of all Bonds under the provisions of this Resolution, the Trustee shall keep accurate records of the source of the moneys used to pay, redeem or purchase such Bonds.

The Trustee shall advise the Bank in writing, on or before the twentieth day of each calendar month, of the details of all investments held for the credit of each fund and account in its custody under the provisions of this Resolution as of the end of the preceding month.

702. Liability of Trustee for Investments. The Trustee shall not be liable or responsible for the making of any investment authorized by the provisions of this Article, in the manner provided in this Article, or for any loss resulting from any such investment so made.

The Bank assumes all risks arising out of the use of electronic signatures and electronic methods to send Notices to the Trustee or any Paying Agent, including without limitation the risk of the Trustee acting on an unauthorized Notice and the risk of interception or misuse by third parties. Notwithstanding the foregoing, the Trustee and any Paying Agent may in any instance and in its sole discretion require that a Notice in the form of an original document bearing a manual signature be delivered to the Trustee in lieu of, or in addition to, any such electronic Notice.

805. Compensation. The Bank shall pay to the Trustee and to each Paying Agent from time to time reasonable compensation for all services rendered under this Resolution, and also all reasonable expenses, charges, counsel fees and other disbursements, including those of its attorneys, agents and employees, incurred in and about the performance of their powers and duties under this Resolution, and the Trustee and each Paying Agent shall have a lien therefor on any and all funds at any time held by it under this Resolution except for any funds credited to Loan Accounts pursuant to Section 501 hereof. The Bank further agrees to indemnify and save the Trustee and each Paying Agent harmless against any liabilities which it may incur in the exercise and performance of its powers and duties hereunder, and which are not due to its negligence or default.

806. Permitted Acts and Functions. The Trustee and any Paying Agent may become the owners of any Bonds with the same rights it would have if it were not such Trustee

or Paying Agent. The Trustee and any Paying Agent may act as depository for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bondholders or to effect or aid in any reorganization growing out of the enforcement of the Bonds or this Resolution, whether or not any such committee shall represent the Holders of a majority in principal amount of the Bonds then Outstanding.

807. Resignation of Trustee. The Trustee may at any time resign and be discharged of the duties and obligations created by this Resolution by giving not less than sixty (60) days' written notice to the Bank, mailing notice thereof to the Bondholders, specifying the date when such resignation shall take effect, and such resignation shall take effect upon the day specified in such notice unless previously a successor shall have been appointed, as provided in Section 809, in which event such resignation shall take effect immediately on the appointment of such successor.

808. Removal of Trustee. The Trustee shall be removed by the Bank at any time or at any time so requested by an instrument or concurrent instruments in writing, filed with the Trustee and the Bank, and signed by the Holders of a majority in principal amount of the Bonds then Outstanding or their attorneys-in-fact duly authorized, excluding any Bonds held by or for the account of the Bank.

809. Appointment of Successor Trustee. In case at any time the Trustee shall resign or shall be removed or shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or if a receiver, liquidator or conservator of the Trustee, or of its property, shall be appointed, or if any public officer shall take charge or control of the Trustee, or of its property or affairs, the Bank covenants and agrees that it will thereupon appoint a successor Trustee. The Bank shall mail notice of any such appointment made by it to the Bondholders, such mailing to be made within twenty (20) days after such appointment.

If in a proper case no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this Section within forty-five (45) days after the Trustee shall have given to the Bank written notice, as provided in Section 807, or after a vacancy in the office of the Trustee shall have occurred by reason of its inability to act, the Trustee or the Holder of any Bond may apply to any court of competent jurisdiction to appoint a successor Trustee. Said court may thereupon, after such notice, if any, as such court may deem proper and prescribe, appoint a successor Trustee.

Any Trustee appointed under the provisions of this Section 809 in succession to the Trustee shall be a bank or trust company organized under the laws of any state of the United States or the District of Columbia or a national banking association, having a capital and surplus aggregating at least Fifty Million Dollars (\$50,000,000) and authorized by law to perform all the duties imposed upon it by this Resolution.

810. Transfer of Rights and Property to Successor Trustee. Any successor Trustee appointed under this Resolution shall execute, acknowledge and deliver to its predecessor Trustee, and also to the Bank, an instrument accepting such appointment, and thereupon such successor Trustee, without any further act, deed or conveyance, shall become

fully vested with all moneys, estates, properties, rights, powers, duties and obligations of such predecessor Trustee, with like effect as if originally named as Trustee; but the Trustee ceasing to act shall nevertheless, on the written request of the Bank, or of the successor Trustee, execute, acknowledge and deliver such instruments of conveyance and further assurance and do such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor Trustee all the right, title and interest of the predecessor Trustee in and to any property held by it under this Resolution, and shall pay over, assign and deliver to the successor Trustee any money or other property subject to the trusts and conditions herein set forth. Should any deed, conveyance or instrument in writing from the Bank be required by such successor Trustee for more fully and certainly vesting in and confirming to such successor Trustee any such estates, rights, powers and duties, any and all such deeds, conveyances and instruments in writing shall, on request and so far as may be authorized by law, be executed, acknowledged and delivered by the Bank. Any such successor Trustee shall promptly notify the Paying Agents of its appointment as Trustee.

811. Merger, Conversion or Consolidation. Any company into which the Trustee or any Paying Agent may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Trustee or any Paying Agent may sell or transfer all or substantially all of its corporate trust business, shall be the successor to such Trustee or Paying Agent without the execution or filing of any paper or the performance of any further act, provided with respect to the Trustee that such company shall be a bank or trust company organized under the laws of any state of the United States or the District of Columbia or a national banking association and shall be authorized by law to perform all the duties imposed upon it by this Resolution.

812. Resignation or Removal of the Paying Agents and Appointment of Successors. Any Paying Agent may at any time resign and be discharged of the duties and obligations created by this Resolution by giving at least sixty (60) days' written notice to the Bank and Trustee. Any Paying Agent may be removed at any time by an instrument filed with such Paying Agent and the Trustee and signed by an Authorized Officer of the Bank. Any successor Paying Agent shall be appointed by the Bank and (subject to the requirements of Section 903) shall be a bank or trust company organized under the laws of any state of the United States of America or a national banking association, having a capital and surplus aggregating at least Three Million Dollars (\$3,000,000), and willing and able to accept the office of Paying Agent on reasonable and customary terms and authorized by law to perform all the duties imposed upon it by this Resolution.

In the event of the resignation or removal of any Paying Agent, such Paying Agent shall pay over, assign and deliver any moneys held by it to its successor, or if there be no successor then appointed, to this Trustee until such successor be appointed.

The Municipal Bonds Payments, the Municipal Bonds, and other moneys, securities, funds and property so pledged are and will be free and clear of any pledge, lien, charge or encumbrance thereon or with respect thereto prior to, or of equal rank with the pledge created by this Resolution, except for the liens in favor of the Trustee and Paying Agents provided in Section 805 hereof, and all corporate action on the part of the Bank to that end has been duly and validly taken. The Bonds and the provisions of this Resolution are and will be the valid and

legally enforceable obligations of the Bank in accordance with their terms and the terms of this Resolution. The Bank shall at all times, to the extent permitted by law, defend, preserve and protect the pledge of the Municipal Bonds Payments, the Municipal Bonds and other moneys, securities, funds and property pledged under this Resolution and all the rights of the Bondholders under this Resolution against all claims and demands of all persons whomsoever.

906. Agreement of the State. In accordance with the provisions of Section 4621 of the Act, the Bank does hereby pledge to and agree with the Holders of the Bonds that it will not cause the State to limit or alter the rights vested by the Act in the Bank to fulfill the terms of any agreements made with Bondholders; or in any way impair the rights and remedies of such Holders until the Bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such Holders, are fully met and discharged.

909. Fees and Charges. The Bank shall establish, make, maintain and charge such Fees and Charges to each Municipality to which a loan is made, and shall from time to time revise such Fees and Charges whenever necessary, so that such Fees and Charges actually collected from each such Municipality will at all times produce moneys which, together with other moneys available under the provisions of this Resolution and other moneys available therefor, including any grants made by the United States of America or any agency or

All moneys and securities held in the Reserve Fund shall be used, disbursed and applied only in accordance with the provisions of this Resolution and for no other purpose. Moneys and securities held in the Reserve Fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount of moneys in such Fund to an amount less than the Required Debt Service Reserve or in accordance with the provisions of and for the purposes prescribed by paragraph (9) of Section 604 and Section 606.

(2) In order to assure the maintenance of the Reserve Fund in an amount equal to the Required Debt Service Reserve and in compliance with the requirements of the Act, the Chairman of the Bank shall annually, on or before February 1, make and deliver to the Governor or the Governor-elect of the State his certificate stating the amount, if any, required to restore the Reserve Fund to the amount of the Required Debt Service Reserve and a copy of such certificate shall be promptly delivered by the Chairman to the Trustee. All moneys received by the Bank from the State pursuant to any such certification, in accordance with the provisions of Section 4675 of the Act, shall be deposited in the Reserve Fund, as required by paragraph (1) of Section 606.

911. Issuance of Additional Obligations. The Bank expressly reserves the right to adopt one or more other general bond resolutions and reserves the right to issue Notes and any other obligations so long as the same are not a charge or lien on the Municipal Bonds, the Municipal Bonds Payments and the Fees and Charges or payable from the Revenue Fund or Reserve fund created pursuant to this Resolution.

912. Loan Agreement Provisions. No Loan shall be made by the Bank from the proceeds of the sale of Bonds, and no Bonds shall be issued by the Bank for the purpose of providing funds with which to make a Loan, unless the Loan Agreement under which such Loan is to be made shall comply with, and no Bonds shall be issued by the Bank to fund Notes or to refund Bonds unless the Loan Agreement under which the Loan was made from the proceeds of such Notes or Bonds, shall also comply with, the following terms, conditions, provisions and limitations:

(a) The Municipality which is a party to such Loan Agreement must be a Governmental Unit as defined by the Act and the Loan Agreement must be executed in accordance with existing laws;

(b) The Municipality, prior to or as soon as practicable upon the issuance of Bonds of the Bank issued to make a Loan to the Municipality, shall issue Municipal Bonds which are valid obligations of the municipality;

(c) The Municipality shall be obligated to pay Fees and Charges to the Bank at the times and in the amounts which will enable the Bank to comply with the provisions of Section 911;

(d) The Bank shall not sell and the Municipality shall not redeem prior to maturity any of the Municipal Bonds prior to the date on which a sufficient amount of Outstanding Bonds issued with respect to the Loan to such Municipality are redeemable, and in the event of any sale or redemption prior to maturity of such Municipal Bonds thereafter, the same shall be in an amount equal to the aggregate of (i) the principal amount, interest to accrue to the next redemption date, and redemption premium, if any, needed to redeem a sufficient amount of Outstanding Bonds to assure Bank compliance with Section 601(2) and (ii) the costs and expenses of the Bank in effecting the redemption of the Bonds so to be redeemed, less the amount of moneys available in the applicable sub-account or sub-accounts in the Redemption Account and available for withdrawal from the Reserve Fund and for application to the redemption of Bonds so to be redeemed in accordance with the terms and provisions of this Resolution, as determined by the Bank.

913. Modification of Loan Agreement Terms. The Bank shall not consent to the modification of, or modify, the rate or rates of interest or method of determining such rates, or the amount or time of payment of any installment of principal or interest of any Municipal Bonds evidencing a Loan, or the amount or time of payment of any Fees and Charges payable with respect to such Loan, or the security for or any terms or provisions of such Loan or the Municipal Bonds evidencing the same, unless (i) following such modification, (a) the Bank would be in compliance with Section 601(2) of this Resolution and (b) the Community Revenue Bond Coverage in each year in which Community Revenue Bonds will be Outstanding will be at least equal to the Community Revenue Bond Coverage Ratio Requirement, (ii) the modification is in connection with the issuance of Refunding Bonds and the Bank would be in compliance with Section 601(2) of this Resolution, or (iii) such modification does not adversely affect or diminish the rights of the Bondholders.

914. Loans from Other Funds; Substitution of Municipal Bonds. Nothing in this Resolution shall limit the Bank from making one or more loans under the Act from sources of funds other than proceeds of Bonds (each such loan, an "Equity-Funded Loan"). The payments received from the local body receiving such Equity-Funded Loan are not pledged under this Resolution, nor does any bond issued to secure the Equity-Funded Loan constitute a Municipal Bonds or the payments received with respect thereto constitute Municipal Bond Payments. Notwithstanding the foregoing and anything else in this Resolution to the contrary, the Bank may

substitute an Equity-Funded Loan for an existing Loan, provided (i) the loan agreement governing the Equity-Funded Loan meets the applicable requirements set forth in Section 912 of this Resolution, (ii) the bond security the Equity-Funded Loan meets the applicable requirements set forth in the Act, and (iii) following such substitution, (a) the Bank would be in compliance with Section 601(2) of this Resolution and (b) such substitution would not adversely affect or diminish the rights of the Bondholders. Following such substitution, the Equity-Funded Loan would become the Loan and the bonds securing such Equity-Funded Loan and the payment made thereunder constitute a Municipal Bond and Municipal Bond Payments, respectively, associated with the Bonds which has been issued to fund the Loan being substituted.

915. Sale of Municipal Bonds by Bank. The Bank shall not sell any Municipal Bonds or other obligations issued as evidence of a Loan made by the Bank prior to the date on which a sufficient amount of Outstanding Bonds issued with respect to such Loan are redeemable, and shall not after such date sell any such Municipal Bonds or other obligations issued as evidence of a Loan made by the Bank, unless the sales price thereof received by the Bank shall not be less than the aggregate of (i) the principal amount, interest to accrue to the redemption date and redemption premium, if any, needed to redeem a sufficient amount of Bonds to assure Bank compliance with Section 601(2), and (ii) the costs and expenses of the Bank in effecting the redemption of the Outstanding Bonds so to be redeemed, less the amount of moneys or securities available in the applicable sub-account or sub-accounts in the Redemption Account and available for withdrawal from the Reserve Fund and for application to the redemption of such Bonds in accordance with the terms and provisions of this Resolution, as determined by the Bank.

916. Disposition of the Proceeds of Sale or Redemption of Municipal Bonds. In the event Municipal Bonds or other obligations securing a Loan shall be sold by the Bank in accordance with terms of the applicable Loan Agreement, or redeemed by the Municipality, the Bank shall deposit the proceeds of such sale or redemption, except an amount thereof equal to the costs and expenses of the Bank in effecting the redemption of the Bonds to be redeemed upon such sale by the Bank or redemption by the Municipality, into the applicable sub-account or sub-accounts in the Redemption Account and shall apply the same to the payment, retirement or redemption of the appropriate Bonds in accordance with the provisions of this Resolution. The balance of such proceeds of sale or redemption of Municipal Bonds shall be deposited in the General Account and applied by the Bank to the purposes for which the same have been allocated as aforesaid.

917. Enforcement of Municipal Bonds. The Bank shall diligently enforce, and take all reasonable steps, actions and proceedings necessary for the enforcement of, all terms, covenants and conditions of all Loan Agreements and the Municipal Bonds evidencing Loans made by the Bank, including the prompt collection, and the giving of notice to the State Treasurer of any failure or default of any Municipality in the payment, of its Municipal Bonds or of its Fees and Charges.

918. Pledge of Municipal Bonds and Municipal Bonds payments. To secure the payment of the principal or Redemption Price of and interest on the Bonds, the Bank does hereby pledge and assign to the Trustee for the benefit of the Holders of the Bonds all Municipal Bonds and Municipal Bonds Payments. The pledge of such Municipal Bonds and Municipal Bond

Payments for the benefit of the Holders of the Bonds shall be valid and binding from and after the date of adoption of this Resolution, and such Municipal Bonds and Municipal Bonds Payments shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Bank, irrespective of whether such parties have notice thereof.

ARTICLE X

Series Resolutions and Supplemental Resolutions

1001. Modification and Amendment Without Consent. Notwithstanding any other provisions of this Article X, or Article XI, the Bank may adopt at any time or from time to time Series Resolutions or Supplemental Resolutions for any one or more of the following purposes, and any such Series Resolution or Supplemental Resolution shall become effective in accordance with its terms upon the filing with the Trustee of a copy thereof certified by an Authorized Officer:

(1) To provide for the issuance of a Series of Bonds pursuant to the provisions of this Resolution and to prescribe the terms and conditions pursuant to which such Bonds may be issued, paid or redeemed;

(2) To add additional covenants and agreements of the Bank for the purposes of further securing the payment of the Bonds, provided such additional covenants and agreements are not contrary to or inconsistent with the covenants and agreements of the Bank contained in this Resolution;

(3) To prescribe further limitations and restrictions upon issuance of Bonds and the incurring of indebtedness by the Bank which are not contrary to or inconsistent with the limitations and restrictions thereon theretofore in effect;

(4) To surrender any right, power or privilege reserved to or conferred upon the Bank by the terms of this Resolution, provided that the surrender of such right, power or privilege is not contrary to or inconsistent with the covenants and agreements of the Bank contained in this Resolution;

(5) To confirm as further assurance any pledge under and the subjection to any lien, claim or pledge created or to be created by the provisions of this Resolution of the Municipal Bonds and Municipal Bonds Payments or of any other moneys, securities or funds;

(6) To modify any of the provisions of this Resolution or any previously adopted Series Resolution in any other respects, provided that such modifications shall not be effective until after all Bonds of any Series of Bonds Outstanding as of the date of adoption of such Series Resolution or Supplemental Resolution shall cease to be Outstanding, and all Bonds issued under such resolutions shall contain a specific reference to the modifications contained in such subsequent resolutions;

(7) To cure any ambiguity or defect or inconsistent provision in this Resolution or to insert such provisions clarifying matters or questions arising under this Resolution as are necessary or desirable in the event any such modifications are not contrary to or inconsistent with this Resolution as theretofore in effect; or

(8) To grant to or confer upon the Trustee for the benefit of the Holders of any additional rights, remedies, powers, authority or security that may lawfully be granted to or conferred upon the Holders or the Trustee, including, but not limited to, the obtaining of municipal bond guaranty insurance of the payment of principal of and interest on the Bonds.

1002. Supplemental Resolutions Effective With Consent of Bondholders. The provisions of this Resolution may also be modified or amended at any time or from time to time by a Supplemental Resolution, subject to the consent of Bondholders in accordance with and subject to the provisions of Article XI hereof, such Supplemental Resolution to become effective upon the filing with the Trustee of a copy thereof certified by an Authorized Officer.

1003. General Provisions Relating to Series Resolutions and Supplemental Resolutions. This Resolution shall not be modified or amended in any respect except in accordance with and subject to the provisions of this Article X and Article XI. Nothing contained in this Article X or Article XI shall affect or limit the rights or obligations of the Bank to adopt, make, do, execute or deliver any resolution, act or other instrument pursuant to the provisions of Section 904 or the right or obligation of the Bank to execute and deliver to the Trustee or any Paying Agent any instrument elsewhere in this Resolution provided or permitted to be delivered to the Trustee or any Paying Agent.

A copy of every Series Resolution and Supplemental Resolution adopted by the Bank when filed with the Trustee shall be accompanied by a Counsel's Opinion stating that such Series Resolution or Supplemental Resolution has been duly and lawfully adopted in accordance with the provisions of this Resolution, is authorized or permitted by this Resolution and is valid and binding upon the Bank and enforceable in accordance with its terms.

The Trustee is hereby authorized to accept delivery of a certified copy of any Series Resolution or Supplemental Resolution permitted or authorized pursuant to the provisions of this Resolution and to make all further agreements and stipulations which may be contained therein, and, in taking such action, the Trustee shall be fully protected in relying on Counsel's Opinion that such Series Resolution or Supplemental Resolution is authorized or permitted by the provisions of this Resolution.

No Series Resolution or Supplemental Resolution changing, amending or modifying any of the rights or obligations of the Trustee or of any Paying Agent may be adopted by the Bank without the written consent of the Trustee or Paying Agent affected thereby.

ARTICLE XI

Amendments of Resolutions

1101. Powers of Amendment. Any modification or amendment of this Resolution and of the rights and obligations of the Bank and of the Holders of the Bonds

hereunder, in any particular, may be made by a Supplemental Resolution, with the written consent given as hereinafter provided in Section 1102, (a) of the Holders of a majority in principal amount of the Bonds Outstanding at the time such consent is given, and (b) in case less than all of the several Series of Bonds then Outstanding are affected by the modification or amendment, of the Holders of at least a majority in principal amount of the Bonds of each Series so affected and Outstanding at the time such consent is given; provided, however, that if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like series and maturity remain Outstanding, the consent of the Holders of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds under this Section. No such modification or amendment shall permit a change in the terms of redemption or maturity of the principal of any Outstanding Bond or of any installment of interest thereon or a reduction in the principal amount or the Redemption Price thereof or in the rate of interest thereon without the consent of the Holder of such Bond, or shall reduce the percentages or otherwise affect the classes of Bonds the consent of the Holders of which is required to effect any such modification or amendment. For the purposes of this Section, a Series shall be deemed to be affected by a modification or amendment of this Resolution if the same adversely affects or diminishes the rights of the Holders of Bonds of such Series. The Trustee may receive an opinion of counsel, including Counsel's opinion, as conclusive evidence as to whether Bonds of any particular Series or maturity would be so affected by any such modification or amendment of this Resolution.

1102. Consent of Bondholders. The Bank may at any time adopt a Supplemental Resolution making a modification or amendment permitted by the provisions of Section 1101 to take effect when and as provided in this Section. A copy of such Supplemental Resolution (or brief summary thereof or reference thereto in form approved by the Trustee) together with a request to Bondholders for their consent thereto in form satisfactory to the Trustee, shall promptly after adoption be mailed by the Bank to Bondholders. Such Supplemental Resolution shall not be effective unless and until (a) there shall have been filed with the Trustee (i) the written consents of Holders of the percentages of Outstanding Bonds specified in Section 1101 and (ii) a Counsel's Opinion stating that such Supplemental Resolution has been duly and lawfully adopted and filed by the Bank in accordance with the provisions of this Resolution, is authorized or permitted by this Resolution, and is valid and binding upon the Bank and enforceable in accordance with its terms, and (b) a notice shall have been given as hereinafter in this Section 1102 provided. Each such consent shall be effective only if accompanied by proof of the holding at the date of such consent, of the Bonds with respect to which such consent is given which proof shall be such as is permitted by Section 1301. A certificate or certificates by the Trustee filed with the Trustee that it has examined such proof and that such proof is sufficient in accordance with Section 1301 shall be conclusive that the consents have been given by the Holders of the Bonds described in such certificate or certificates of the Trustee. Any such consent shall be binding upon the Holder of the Bonds giving such consent and, anything in Section 1301 to the contrary notwithstanding, upon any subsequent Holder of such Bonds and of any Bonds issued in exchange therefor (whether or not such subsequent Holder thereof has notice thereof), unless such consent is revoked in writing by the Holder of such Bonds giving such consent or a subsequent Holder thereof by filing with the Trustee prior to the time when the written statement of the Trustee hereinafter in this Section 1102 provided for is filed, such revocation and, if such Bonds are transferable by delivery, proof that such Bonds are held by the signer of such revocation in the manner permitted by Section 1301. The fact that a consent has

not been revoked may likewise be proved by a certificate of the Trustee filed with the Trustee to the effect that no revocation thereof is on file with the Trustee. At any time after the Holders of the required percentages of Bonds shall have filed their consents to the Supplemental Resolution, the Trustee shall make and file with the Bank and the Trustee a written statement that the Holders of such required percentages of Bonds have filed such consents. Such written Statement shall be conclusive that such consents have been so filed. At any time thereafter notice, stating in substance that the Supplemental Resolution (which may be referred to as a Supplemental Resolution adopted by the Bank on a stated date, a copy of which is on file with the Trustee) has been consented to by the Holders of the required percentages of Bonds and will be effective as provided in this Section 1102, shall be given to Bondholders by the Bank by mailing such notice to Bondholders (but failure to mail such notice shall not prevent such Supplemental Resolution from becoming effective and binding as in this Section 1102 provided). The Bank shall file with the Trustee proof of mailing of such notice. A transcript, consisting of the papers required or permitted by this Section 1102 to be filed with the Trustee, shall be proof of the matters therein stated. Such Supplemental Resolution making such amendment or modification shall be deemed conclusively binding upon the Bank, the Trustee, each Paying Agent and the Holders of all Bonds at the expiration of thirty (30) days after the filing with the Trustee of the proof of the giving of such last mentioned notice, except in the event of a final decree of a court of competent jurisdiction setting aside such Supplemental Resolution in a legal action or equitable proceeding for such purpose commenced within such thirty (30) day period; provided, however, that the Bank, the Trustee and any Paying Agent during such thirty (30) day period and any such further period during which any such action or proceeding may be pending shall be entitled in their reasonable discretion to take such action, or to refrain from taking such action, with respect to such Supplemental Resolution as they may deem expedient.

1103. Modifications by Unanimous Consent. The terms and provisions of this Resolution and the rights and obligations of the Bank and of the Holders of the Bonds thereunder may be modified or amended in any respect upon the adoption and filing with the trustee by the Bank of a copy of a Supplement Resolution certified by an Authorized Officer and the consent of the Holders of all of the Bonds then Outstanding, such consent to be given as provided in Section 1102, except that no notice to Bondholders shall be required.

1104. Mailing. Any provision in this Article for the mailing of a notice or other document to Bondholders shall be fully complied with if it is mailed postage prepaid to each registered owner of Bonds then Outstanding at his address, if any, appearing upon the registry books of the Bank and to the Trustee.

1105. Exclusion of Bonds. Bonds owned or held by or for the account of the Bank shall not be deemed Outstanding for the purpose of consent or other action or any calculation of Outstanding Bonds provided for in this Resolution, and the Bank shall not be entitled with respect to such Bonds to give any consent or take any other action provided for in this Resolution. At the time of any consent or other action taken under this Resolution, the Bank shall furnish the Trustee a certificate of an Authorized Officer, upon which the Trustee may rely, describing all Bonds so to be excluded.

1106. Notation on Bonds. Bonds delivered after the effective date of any action taken as in Article X or this Article XI provided may, and if the Trustee so determines, shall,

bear a notation by endorsement or otherwise in form approved by the Bank and the Trustee as to such action, and in that case upon demand of the Holder of any Bond Outstanding at such effective date and upon presentation of his Bond for such purpose at the corporate trust office of the Trustee suitable notation shall be made on such Bond by the Trustee as to any such action. If the Bank or the Trustee shall so determine, new Bonds so modified and in the opinion of the Trustee shall so determine, new Bonds so modified as in the opinion of the Trustee and the Bank to conform to such action shall be prepared and delivered, and upon demand of the Holder of any Bond then Outstanding shall be exchanged, without cost to such Bondholder, for Bonds of the same Series and maturity then Outstanding, upon surrender of such Bonds.

ARTICLE XII

Defaults and Remedies

1201. Trustee to Exercise Powers of Statutory Trustee. The Trustee shall be and hereby is vested with all of the rights, powers and duties of a trustee appointed by Bondholders pursuant to Section 4702 of the Act and the right of Bondholders to appoint a trustee pursuant to Section 4702 of the Act is hereby abrogated in accordance with the provision of subdivision 18 of Section 4648 of the Act.

1202. Events of Default. Each of the following events is hereby declared an “event of default,” that is to say; if

(a) the Bank shall default in the payment of the principal or Redemption Price of or interest on any Bond when and as the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty (30) days; or

(b) the Bank shall fail or refuse to comply with the provisions of Section 4675 of the Act, or the State shall fail to appropriate and pay to the Bank, as and when required by such Section, for deposit in the Reserve Fund any amount or amounts as shall be certified by the Chairman of the Bank pursuant to such provisions of the Act; or

(c) the Bank shall fail or refuse to comply with the provisions of the Act, other than as provided in (b) above, or shall default in the performance or observance of any other of the covenants, agreements or conditions on its part in this Resolution, any Series Resolution, any Supplemental Resolution, or in the Bonds contained, and such failure, refusal or default shall continue for a period of forty-five (45) days after written notice thereof by the Holders of not less than twenty-five percent (25%) in principal amount of the Outstanding Bonds;

provided, however, that an event of default shall not be deemed to exist under the provisions of clause (c) above upon the failure of the Bank to make and collect Fees and Charges required to be made and collected by the provisions of this Resolution or upon the failure of the Bank to enforce any obligation undertaken by a Municipality pursuant to a Loan Agreement including the making of the stipulated Municipal Bonds Payments so long as the Bank may be otherwise

directed by law and so long as the Bank shall be provided with moneys from the State or otherwise, other than withdrawals from or reimbursements of the Reserve Fund, sufficient in amount to pay the principal of and interest on all Bonds as the same shall become due during the period for which the Bank shall be directed by law to abstain from making and collecting such Fees and Charges and from enforcing the obligations of a Municipality under the applicable Loan Agreement.

1203. Remedies. (1) Upon the happening and continuance of any event of default specified in paragraph (a) of Section 1202, the Trustee shall proceed, or upon the happening and continuance of any event of default specified in paragraphs (b) and (c) of Section 1202, the Trustee may proceed, and upon the written request of the Holders of not less than twenty-five per centum (25%) in principal amount of the Outstanding Bonds shall proceed, in its own name, to protect and enforce its rights and the rights of the Bondholders by such of the following remedies, as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights:

(a) by mandamus or other suit, action or proceeding at law or in equity, enforce all rights of the Bondholders, including the right to require the Bank to make and collect Fees and Charges and Municipal Bonds Payments adequate to carry out the covenants and agreements as to, and pledge of, such Fees and Charges and Municipal Bonds Payments, and other properties and to require the Bank to carry out any other covenant or agreement with Bondholders and to perform its duties under the Act;

(b) by bringing suit upon the Bonds;

(c) by action or suit in equity, to require the Bank to account as if it were the Trustee of an express trust for the Holders of the Bonds;

(d) by action or suit in equity, to enjoin any acts or things which may be unlawful or in violation of the rights of the Holders of the Bonds; and

(e) in accordance with the provisions of the Act, declare all Bonds due and payable, and if all defaults shall be made good, then, with the written consent of the Holders of not less than twenty-five percent (25%) in principal amount of the Outstanding Bonds, to annul such declaration and its consequences.

(2) In the enforcement of any remedy under this Resolution, the Trustee shall be entitled to sue for, enforce payment on and receive any and all amounts then or during any default becoming, and at any time remaining, due from the Bank for principal, Redemption Price, interest or otherwise, under any provision of this Resolution or a Series Resolution or of the Bonds, and unpaid, with interest on overdue payments at the rate or rates of interest specified in such Bonds, together with any and all costs and expenses of collection and of all proceedings hereunder and under such Bonds, without prejudice to any other right or remedy of the Trustee or of the Bondholders, and to recover and enforce a judgment or decree against the Bank for any portion of such amounts remaining unpaid, with interest, costs and expenses, and to collect from

any moneys available for such purpose, in any manner provided by law, the moneys adjudged or decreed to be payable.

1204. Priority of Payments After Default. In the event that the funds held by the Trustee and Paying Agents shall be insufficient for the payment of interest and principal or Redemption Price then due on the Bonds, such funds (other than funds held for the payment or redemption of particular Bonds which have theretofore become due at maturity or by call for redemption) and any other moneys received or collected by the Trustee acting pursuant to the Act and this Article XII, after making provision for the payment of any expenses necessary in the opinion of the Trustee to protect the interests of the Holders of the Bonds, and for the payment of the charges and expenses and liabilities incurred and advances made by the Trustee or any Paying Agents in the performance of their respective duties under this Resolution, shall be applied as follows:

(a) Unless the principal of all of the Bonds shall have become or have been declared due and payable,

First: To the payment to the persons entitled thereto of all installments of interest then due on the Legacy Bonds in the order of the maturity of such installments, and, if the amount available shall not be sufficient to pay in full any installment, then to the payment thereof ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference;

Second: To the payment to the persons entitled thereto of the unpaid principal or Redemption Price of any Legacy Bonds which shall have become due, whether at maturity or by call for redemption, in the order of their due dates and, if the amounts available shall not be sufficient to pay in full all the Legacy Bonds due on any date, then to the payment thereof ratably, according to the amounts of principal or Redemption Price due on such date, to the persons entitled thereto, without any discrimination or preference;

Third: To the payment to the persons entitled thereto of all installments of interest then due on the Community Revenue Bonds in the order of the maturity of such installments, and, if the amount available shall not be sufficient to pay in full any installment, then to the payment thereof ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference;

Redemption Price due on such date, to the persons entitled thereto, without any discrimination or preference;

Fifth: To the payment to the persons entitled thereto of all installments of interest then due on the Enhanced Community Revenue Bonds in the order of the maturity of such installments, and, if the amount available shall not be sufficient to pay in full any installment, then to the payment thereof ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference; and

Sixth: To the payment to the persons entitled thereto of the unpaid principal or Redemption Price of any Enhanced Community Revenue Bonds which shall have become due, whether at maturity or by call for redemption, in the order of their due dates and, if the amounts available shall not be sufficient to pay in full all the Enhanced Community Revenue Bonds due on any date, then to the payment thereof ratably, according to the amounts of principal or Redemption Price due on such date, to the persons entitled thereto, without any discrimination or preference.

(b) If the principal of all of the Bonds shall have become or have been declared due and payable,

First: To the payment of the principal and interest then due and unpaid upon the Legacy Bonds without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Legacy Bond over any other Legacy Bond, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or preference except as to any difference in the respective rates of interest specified in the Legacy Bonds;

principal and interest, to the persons entitled thereto without any discrimination or preference except as to any difference in the respective rates of interest specified in the Enhanced Community Revenue Bonds.

The provisions of this Section 1204 are in all respects subject to the provisions of Section 902.

Whenever moneys are to be applied by the Trustee pursuant to the provisions of this Section, such moneys shall be applied by the Trustee at such times, and from time to time, as the Trustee in its sole discretion shall determine, having due regard to the amount of such moneys available for application and the likelihood of additional money becoming available for such application in the future; the deposit of such moneys with the Paying Agents, or otherwise setting aside such moneys in trust for the proper purpose, shall constitute proper application by the Trustee, and the Trustee shall incur no liability whatsoever to the Bank, to any Bondholder or to any other Person for any delay in applying any such moneys, so long as the Trustee acts with reasonable diligence, having due regard for the circumstances, and ultimately applies the same in accordance with such provisions of this Resolution as may be applicable at the time of application by the Trustee. Whenever the Trustee shall exercise such discretion in applying such moneys, it shall fix the date (which shall be an interest payment date unless the Trustee shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal to be paid on such date shall cease to accrue. The Trustee shall give such notice as it may deem appropriate for the fixing of any such date. The Trustee shall not be required to make payment to the Holder of any Bond unless such Bond shall be presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

1205. Termination of Proceedings. In case any proceeding taken by the Trustee on account of any event of default shall have been discontinued or abandoned for any reason, then in every such case the Bank, the Trustee and the Bondholders shall be restored to their former positions and rights hereunder, respectively, and all rights, remedies, powers and duties of the Trustee shall continue as though no such proceeding had been taken.

1206. Bondholders' Direction of Proceedings. Anything in this Resolution to the contrary notwithstanding, the Holders of the majority in principal amount of the Bonds then Outstanding shall have the right by an instrument or concurrent instruments in writing executed and delivered to the Trustee, to direct the method of conducting all remedial proceedings to be taken by the Trustee hereunder, provided that such direction shall not be otherwise than in accordance with the law or the provisions of this Resolution, and that the Trustee shall have the right to decline to follow any such direction which in the opinion of the Trustee would be unjustly prejudicial to Bondholders not parties to such direction.

1207. Limitation on Rights of Bondholders. No Holder of any Bond shall have any right to institute any suit, action, mandamus or other proceeding in equity or at law hereunder, or for the protection or enforcement of any right under this Resolution or any right under law unless such Holder shall have given to the Trustee written notice of the event of default or breach of duty on account of which such suit, action or proceeding is to be taken, and unless the Holders of not less than twenty-five percent (25%) in principal amount of the Bonds then Outstanding shall have made written request of the Trustee after the right to exercise such

powers or right of action, as the case may be, shall have occurred, and shall have afforded the Trustee a reasonable opportunity either to proceed to exercise the powers herein granted or granted under the law or to institute such action, suit or proceeding in its name and unless, also, there shall have been offered to the Trustee reasonable security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee shall have refused or neglected to comply with such request within a reasonable time; and such notification, request and offer of indemnity are hereby declared in every such case, at the option of the Trustee, to be conditions precedent to the execution of the powers under this Resolution or for any other remedy hereunder or under law. It is understood and intended that no one or more Holders of the Bonds hereby secured shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the security of this Resolution, or to enforce any right hereunder or under law with respect to the Bonds or this Resolution, except in the manner herein provided, and that all proceedings at law or in equity shall be instituted, had and maintained in the manner herein provided and for the benefit of all Holders of the Outstanding Bonds. Notwithstanding the foregoing provisions of this Section or any other provisions of this Article XII, the obligation of the Bank shall be absolute and unconditional to pay the principal and Redemption Price of and interest on the Bonds to the respective Holders thereof at the respective due dates thereof, and nothing herein shall affect or impair the right of action, which is absolute and unconditional, of such Holders to enforce such payment.

Anything to the contrary notwithstanding contained in this Section 1207, or any other provision of this Resolution, each Holder of any Bonds by his acceptance thereof shall be deemed to have agreed that any court in its discretion may require, in any suit for the enforcement of any right or remedy under this Resolution or any Series Resolution, or in any suit against the Trustee for any action taken or omitted by it as Trustee, the filing by any party litigant in such suit of an undertaking to pay the reasonable costs of such suit, and that such court may in its discretion assess reasonable costs, including reasonable attorneys' fees, against any party litigant in any such suit, having due regard to the merits and good faith of the claims or defenses made by such party litigant; but the provisions of this paragraph shall not apply to any suit instituted by the Trustee, to any suit instituted by any Bondholder, or group of Bondholders, holding at least twenty-five percent (25%) in principal amount of the Bonds Outstanding, or to any suit instituted by any Bondholder for the enforcement of the payment of the principal or Redemption Price of or interest on any Bond on or after the respective due date thereof expressed in such Bond.

1208. Possession of Bonds by Trustee Not Required. All rights of action under this Resolution or under any of the Bonds, enforceable by the Trustee, may be enforced by it without the possession of any of the Bonds or the production thereof on the trial or other proceeding relative thereto, and any such suit, action or proceeding instituted by the Trustee shall be brought in its name for the benefit of all the Holders of such Bonds, subject to the provisions of this Resolution.

1209. Remedies Not Exclusive. No remedy herein conferred upon or reserved to the Trustee or to the Holders of the Bonds is intended to be exclusive of any other remedy or remedies, and each and every such remedy shall be cumulative and shall be in addition to any other remedy given hereunder or now or hereafter existing at law or in equity or by statute.

1210. No Waiver of Default. No delay or omission of the trustee or of any Holder of the Bonds to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by this Resolution to the Trustee and the Holders of the Bonds, respectively, may be exercised from time to time and as often as may be deemed expedient.

1211. Notice of Event of Default. The Trustee shall give to the Bondholders notice of each event of default hereunder known to the Trustee within ninety (90) days after knowledge of the occurrence thereof, unless such event of default shall have been remedied or cured before the giving of such notice; provided that, except in the case of default in the payment of the principal or Redemption Price of or interest on any of the Bonds, or in the making of any payment required to be made into the Revenue Fund or the Reserve Fund, the Trustee shall be protected in withholding such notice if and so long as the board of directors, the executive committee, or a trust committee of directors or responsible officers of the Trustee in good faith determines that the withholding of such notice is in the interests of the Bondholders. Each such notice of event of default shall be given by the Trustee by mailing written notice thereof: (1) to all registered Holders of Bonds, as the names and addresses of such Holders appear upon the books for registration and transfer of Bonds as kept by the Trustee; (2) to such Bondholders as have filed their names and addresses with the Trustee for that purpose; and (3) to such other persons as is required by law.

1212. Credit Bank or Insurer. Notwithstanding any provision of this Resolution to the contrary, a Series Resolution may provide that an entity providing a Credit Facility or insurance policy or other similar agreement supporting the payment of the principal of and interest on the Bonds of a Series shall be deemed to be the Holder of all Bonds of each Series so supported by such entity, to the exclusion and in lieu of the persons in whose names such Bonds are registered, for all purposes of Articles VIII and XII of this Resolution.

ARTICLE XIII

Execution of Instruments by Bondholders and Proofs of Ownership of Bonds

1301. Evidence of Signatures of Bondholders and Ownership of Bonds. Any request, direction, consent, revocation of consent, or other instrument in writing required or permitted by this Resolution to be signed or executed by Bondholders may be in any number of concurrent instruments of similar tenor, and may be signed or executed by such Bondholders in person or by their attorneys or agents appointed by an instrument in writing for that purpose. Proof of the execution of any such instrument, or of any instrument appointing any such attorney or agent, and of the holding and ownership of Bonds shall be sufficient for any purpose of this: Resolution (except as otherwise herein provided), if made in the following manner:

- (a) The fact and date of the execution by any Bondholders of his attorney or agent of any such instrument and of any instrument appointing any such attorney or agent, may be proved by delivery of a certificate, which need not be acknowledged or verified, of an officer of any bank, trust company, or other depository, or of any notary public, or other officer authorized to take

acknowledgments. Where any such instrument is executed by an officer of a corporation or association or a member of a partnership on behalf of such corporation, association or partnership, such certificate shall also constitute sufficient proof of his authority.

(b) The ownership of Bonds shall be proved by the registry books kept by the Trustee under the provisions of this Resolution.

Nothing contained in this Article shall be construed as limiting the Trustee to such proof, it being intended that the Trustee may accept any other evidence of the matters herein stated which may seem sufficient. Any request or consent of the Holder of any Bond shall bind every future Holder of the same Bond in respect of anything done or suffered to be done by the Bank, the Trustee or any Paying Agent in pursuance of such request or consent.

ARTICLE XIV

Defeasance

1401. Defeasance. (1) If the Bank shall pay or cause to be paid to the Holders of all Bonds then Outstanding, the principal and interest and Redemption Price, if any, to become due thereon, at the times and in the manner stipulated therein and in the Resolution, then, at the option of the Bank, expressed in an instrument in writing signed by an Authorized Officer and delivered to the Trustee, the covenants, agreements and other obligations of the Bank to the Bondholders shall be discharged and satisfied. In such event, the Trustee shall, upon the request of the Bank, execute and deliver to the Bank all such instruments as may be desirable to evidence such discharge and satisfaction and the Fiduciaries shall pay over or deliver to the Bank all money, securities and funds held by them pursuant to the Resolution which are not required for the payment or redemption of Bonds not theretofore surrendered for such payment or redemption.

(2) Bonds or interest installments for the payment or redemption of which moneys shall have been set aside and shall be held in trust by the Fiduciaries (through deposit by the Bank of funds for such payment or redemption or otherwise) at the maturity or redemption date thereof shall be deemed to have been paid within the meaning and with the effect expressed in subsection 1 of this Section. All Outstanding Bonds of any Series shall prior to the maturity or redemption date thereof be deemed to have been paid within the meaning and with the effect expressed in subsection 1 of this Section if (a) in case any of said Bonds are to be redeemed on any date prior to their maturity, the Bank shall have given to the Trustee in form satisfactory to it irrevocable instructions to mail notice of redemption on said date of such Bonds to the Holders of such Bonds, (b) there shall have been deposited with the Trustee either moneys in an amount which shall be sufficient, or Government Obligations the principal of and the interest on which when due will provide moneys which, together with the moneys, if any, deposited with the Trustee at the same time, shall be sufficient, to pay when due the principal or Redemption Price, if applicable, and interest due and to become due on said Bonds on and prior to the redemption date or maturity date thereof, as the case may be, and (c) in the event said Bonds are not by their terms subject to redemption within the next succeeding sixty (60) days, the Bank shall have given the Trustee in form satisfactory to it irrevocable instructions to mail a notice to the Holders

of such Bonds that the deposit required by (b) above has been made with the Trustee and that said Bonds are deemed to have been paid in accordance with this Section and stating such maturity or redemption date upon which moneys are to be available for the payment of the principal or Redemption Price, if applicable, on said Bonds. Failure to mail any notice shall not affect the ability of the Bank to defease any of the Bonds hereunder. Neither Government Obligations or moneys deposited with the Trustee pursuant to this Section or principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal or Redemption Price, if applicable, and interest on said Bonds; provided that any cash received from such principal or interest payments on such Government Obligations deposited with the Trustee, if not then needed for such purpose, shall, to the extent practicable, be reinvested in Government Obligations maturing at times and in amounts sufficient to pay when due the principal or Redemption Price, if applicable, and interest to become due on said Bonds on and prior to such redemption date or maturity date thereof, as the case may be, and interest earned from such reinvestment shall be paid over to the Bank, as received by the Trustee, free and clear of any trust, lien or pledge.

(3) Anything in the Resolution to the contrary notwithstanding, any moneys held by a Fiduciary in trust for the payment and discharge of any of the Bonds which remain unclaimed for six (6) years after the date when such Bonds have become due and payable, either at their stated maturity dates or by call for earlier redemption, if such moneys were held by the Fiduciary at such date, or for six (6) years after the date of deposit of such moneys if deposited with the Fiduciary after the said date when such Bonds became due and payable, shall, at the written request of the Bank, be repaid by the Fiduciary to the Bank, as its absolute property and free from trust, and the Fiduciary shall thereupon be released and discharged with respect thereto and the Bondholders shall look only to the Bank for the payment of such Bonds.

ARTICLE XV

Miscellaneous

1501. Preservation and Inspection of Documents. All documents received by the Trustee or any Paying Agent under the provisions of this Resolution or any Series Resolution shall be retained in its possession and shall be subject at all reasonable times to the inspection of the Bank, the Trustee or any Paying Agent and, or after written request received by the Trustee at least five business days prior to the date of inspection, by any Holder of twenty-five percent (25%) in principal amount of the Series of Outstanding Bonds to which such Loan Accounts relate and their agents and representatives, any of whom may make copies thereof.

1502. Parties of Interest. 1503. No Recourse Under Resolution or on Bonds. All covenants, stipulations, promises, agreements and obligations of the Bank contained in this Resolution shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the Bank and not of any member, officer or employee of the Bank in his individual capacity, and no recourse shall be had for the payment of the principal or Redemption Price of or interest on the Bonds or for any claim based thereon or on this Resolution against any member, officer or employee of the Bank or any natural person executing the Bonds.

1504. Severability. If any one or more of the covenants, stipulations, promises, agreements or obligations provided in this Resolution on the part of the Bank, Trustee or any Paying Agent to be performed should be determined by a court of competent jurisdiction to be contrary to law, then such covenant or covenants, stipulation or stipulations, promise or promises, agreement or agreements, obligation or obligations shall be deemed and construed to be severable from the remaining covenants, stipulations, promises, agreements and obligations herein contained and shall in no way affect the validity of the other provisions of this Resolution.

1505. Headings. Any heading preceding the texts of the several Articles and Sections hereof, and any table of contents or marginal notes appended to copies hereof, shall be solely for convenience of reference and shall not constitute a part of this Resolution, nor shall they affect its meaning, construction or effect.

1506. Conflict. All resolutions or parts of resolutions or other proceedings of the Bank in conflict herewith be and the same are repealed insofar as such conflict exists.

1507. Effective Date. This Resolution shall take effect immediately upon its adoption.

Re: Vermont Bond Bank Community Revenue Bonds, 2026 Series 1 and Enhanced Community Revenue Bonds, 2026 Series 2 (collectively, the “Bonds”)

We have acted as bond counsel to the Vermont Bond Bank (the “Bond Bank”) in connection with the issuance by the Bond Bank of the Bonds pursuant to the provisions of the Vermont Bond Bank Law, Public Act No. 216 of the Laws of Vermont enacted by the General Assembly of the State of Vermont at the 1969 Adjourned Session, as amended (the “Act”), the General Bond Resolution adopted by the Bond Bank on May 3, 1988, as amended and restated as of December 1, 2025 (the “General Resolution”), and the Series Resolutions adopted by the Bond Bank on January 29, 2026 authorizing the issuance of the Bonds (the “Series Resolutions,” and together with the General Resolution, the “Resolutions”). Terms not otherwise defined herein shall have the same meanings as set forth in the Resolutions.

We have examined the law and such certified proceedings and other papers as we have deemed necessary to render this opinion. In addition, we have examined and relied upon the opinions of bond counsel to the governmental units (as defined in the Act) (the “Governmental Units”), dated the date hereof, relative to the validity and enforceability of the bonds issued by such Governmental Units (said bonds and other bonds heretofore acquired, the “Municipal Bonds”) which secure the loans financed by the Bond Bank from a portion of the proceeds of the Bonds (the “Loans”), and to the validity and enforceability of the respective loan agreements entered into by such Governmental Units (the “Loan Agreements”).

The Bonds are being issued by means of a book-entry-only system, with bond certificates immobilized at The Depository Trust Company, New York, New York (“DTC”), and not available for distribution to the public, evidencing ownership of the Bonds in denominations of \$5,000 or integral multiples thereof, with transfers of beneficial ownership effected on the records of DTC and its participants pursuant to rules and procedures established by DTC and its participants.

The Bonds are payable on December 1 in the years and principal amounts, bear interest at the rates and are subject to redemption prior to maturity, all as provided in the applicable Series Resolution.

As to questions of fact material to our opinion, we have relied upon the representations of the Bond Bank contained in the Resolutions and in the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion that, under existing law:

1. The Bond Bank is duly created and validly existing as a body politic and corporate constituted as an instrumentality of the State of Vermont (the "State"), under and pursuant to the laws of the State with the power to adopt the Resolutions, perform the agreements on its part contained therein and issue the Bonds.
2. The Resolutions have been duly adopted by the Bond Bank and constitute valid and binding obligations of the Bond Bank enforceable upon the Bond Bank.
3. Pursuant to the Act and subject to the exceptions and terms of the Resolutions, the Resolutions create a valid lien on Revenues for the security of the 2026 Series 1 Bonds on a parity with other Community Revenue Bonds to be issued under the General Resolution.
4. Pursuant to the Act and subject to the exceptions and terms of the Resolutions, the Resolutions create a valid lien on Revenues for the security of the 2026 Series 2 Bonds on a parity with other Enhanced Community Revenue Bonds to be issued under the General Resolution.
5. The Bonds have been duly authorized, executed and delivered by the Bond Bank and are valid and binding direct and general obligations of the Bond Bank, and the full faith and credit of the Bond Bank are pledged to the payment of the principal of and interest on the Bonds.
6. In the General Resolution, the Bond Bank has validly covenanted and will be legally obligated to enforce and take all reasonable steps, actions and proceedings necessary for the enforcement of all terms, covenants and conditions of the Municipal Bonds securing the Loans made by the Bond Bank, including the prompt collection of payments of principal and interest on such Municipal Bonds and Fees and Charges, and, with respect to the 2026 Series 2 Bonds, to make and deliver to the Governor or Governor-elect of the State, in compliance with the provisions of the Act, a certificate stating the amount, if any, required to restore the Reserve Fund to the Required Debt Service Reserve for Legacy Bonds and Enhanced Community Revenue Bonds. Further, the General Assembly of the State is legally authorized, although not legally obligated, to appropriate annually such sum as shall have been certified by the Chair of the Bond Bank to the Governor or Governor-elect of the State as is necessary to restore the Reserve Fund to an amount equal to the Required Debt Service Reserve, and upon the making of such appropriations in accordance with the Act there shall be paid to the Bond Bank for deposit in the Reserve Fund the amounts appropriated.
7. Interest on the Bonds is excludable from gross income of the holders of the Bonds for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986,

as amended (the “Code”). This opinion is rendered subject to compliance with various requirements of the Code which must be satisfied subsequent to the issuance of the Bonds in order that interest thereon is and continues to be excluded from gross income for federal income tax purposes. Failure to comply with certain of such requirements could cause interest on the Bonds to be included in the gross income of holders of the Bonds retroactive to the date of issuance of the Bonds. Interest on the Bonds is not an item of tax preference for purposes of computation of the federal alternative minimum tax imposed on individuals; however, it may be taken into account for the purpose of computing the federal alternative minimum tax imposed on certain corporations.

8. Interest on the Bonds is exempt from State of Vermont personal income taxes and State of Vermont corporate income taxes.
9. Except as set forth in paragraph 7, we express no opinion as to federal tax consequences of holding the Bonds, and except as set forth in paragraph 8, we express no opinion as to any state or local tax consequences arising with respect to the Bonds.

It is to be understood that the rights of the holders of the Bonds and the enforceability of the Bonds and the Resolutions may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors’ rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities and each major fund of the Vermont Bond Bank, a component unit of the state of Vermont, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the Vermont Bond Bank's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and each major fund of the Vermont Bond Bank as of December 31, 2024, and the respective changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Vermont Bond Bank, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vermont Bond Bank's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Vermont Bond Bank's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vermont Bond Bank's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB) who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

Board of Directors
Vermont Bond Bank

We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 14, 2025 on our consideration of the Vermont Bond Bank's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Vermont Bond Bank's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Vermont Bond Bank's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2024**

This section of the Vermont Bond Bank's Annual Financial Statements presents readers of these financial statements a narrative, overview, and analysis of the financial activities of the Vermont Bond Bank for the fiscal year ending December 31, 2024. Readers are encouraged to consider the information presented here in conjunction with the basic financial statements as a whole.

Overview of the Organization

The Vermont Bond Bank (Bond Bank or the Bank) was created by the Act in 1970 as a body corporate and politic with corporate succession and is constituted as an instrumentality exercising public and essential governmental functions of the State of Vermont. The Bank's primary purpose is to provide Vermont's municipalities with inexpensive access to capital markets. As of December 31, 2024, the Vermont Bond Bank (Bond Bank) has issued nearly \$3.0 billion in tax-exempt and taxable bonds through 107 series of bonds to benefit governmental units, including 36 refunding bonds, and two debt series for the Vermont State College System.

This discussion of the Bond Bank's financial performance provides an overview of the Bond Bank's financial activities for the fiscal year ending December 31, 2024. The financial statements report six funds as described below.

- The *Bond Fund* reports the financial activities of the pool of funds loaned to municipalities. The Bond Fund assets and the repayment of related debt obligations are managed by one corporate trustee, U.S. Bank, N.A.
- The *Operating Fund* is made up of activities relating to the administrative operations of the Bond Bank.
- The *Special Obligation Fund* consists of debt obligations repayable solely from the pledged revenues provided by the obligated party to the resolution. As of the publication of this statement, debt obligations in this fund exclusively related to financing transactions for the Vermont State College System. No other funds or financial resources of the Bond Bank support these debt obligations.
- The *Municipal Climate Recovery Fund* (MCRF or MCRF Fund) reports on loans undertaken to assist municipalities recovering from flooding and other extreme weather events. The activities are enabled by loans and restricted grants in partnership with the State of Vermont.
- The *Energy Efficiency Program Fund* (EPPF or EPPF Fund) reports on activities within the Energy Efficiency Program Resolution. Under this Resolution, loans assigned to the resolution are the exclusive repayment source for debt obligations under the Resolution. Assets and repayment of related debt obligations are managed by Wilmington Trust as corporate trustee.
- The *Small System Capacity and Resiliency Fund* (SCRPF or SCRPF Fund) reports on activities to assist water and wastewater systems that are undertaken through a grant provided by the State of Vermont.

For financial statement reporting purposes, the Bond Bank is considered a component unit of the State of Vermont, although staff are employees of the Bond Bank. Further, all contracts are entered into and executed by the Bond Bank.

The Bond Bank administers the Vermont Educational and Health Buildings Financing Agency (VEHBFA), a tax-exempt conduit debt issuer. The Bond Bank charges a management fee for the administrative and overhead charges of the program formalized through a Memorandum of Agreement (MOA) between the agencies. Separate financial statements are completed for VEHBFA as a component unit of the State of Vermont.

**VERMONT BOND BANK
(A COMPONENT UNIT OF THE STATE OF VERMONT)
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2024**

The Bond Bank is the financial administrator for the State of Vermont Clean Water and Drinking Water Act Revolving Loan Funds. The State of Vermont Department of Environmental Conservation approves qualified projects. The Bond Bank receives quarterly payment for management services for underwriting and loan origination services. The State of Vermont Department of Environmental Conservation completes separate financial statements as a separately audited fund of the State of Vermont.

As the result of the Bond Bank issuing tax-exempt debt, it is required to prepare arbitrage rebate calculations for each series of tax-exempt bonds outstanding and remit payment to the Internal Revenue Service every five years. The Bond Bank contracts with an arbitrage consultant to maintain and prepare all rebate calculations that will be filed with the Internal Revenue Service. Additionally, for financial reporting purposes, the consultant prepares a liability rebate calculation annually for each outstanding series of bonds.

As of December 31, 2024, within the Bond Fund, the Bond Bank had 475 loans outstanding to 191 governmental units totaling \$591,057,117. The Municipal Climate Recovery Fund (MCRF) had 25 loans outstanding to 22 governmental units totaling \$17,929,293. As of December 31, 2023, within the Bond Fund, the Bond Bank had 482 loans outstanding to 191 governmental units totaling \$522,887,216. The MCRF was established in 2024.

Management Overview

The Bond Bank increased the breadth of its activities in 2024 growing from three major funds to six in the financial statements. This was both in response to flood related events described in the prior year's audit as well as new opportunities in partnership with the State of Vermont.

These new programs are expected to further the Bond Bank's mission without resulting in additional pressures on the Operating Fund. These programs are further anticipated to assist with financial resiliency for the Bond Bank's existing borrowers.

(A COMPONENT UNIT OF THE STATE OF VERMONT)
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2024**

Additional highlights of 2024 are summarized below.

- The Bond Bank signed a loan with the State of Vermont in the amount of \$15 million to undertake loan activity with the MCRF in response to the 2023 flood. This Fund subsequently contained additional activity following the receipt of a restricted grant with the State of Vermont to respond to the 2024 flood. The Bond Bank expects continued activity within the MCRF fund in response to extreme weather events within the state.
- The Bond Bank diversified funding sources for its activity commensurate with new activities. This includes reimbursement through administrative allocations for activities under the Small System Capacity and Resiliency Fund.
- Administrative expenses were also reimbursed under the Energy Efficiency Program Fund that are incurred during the startup phase of the program. The Energy Efficiency Program Fund currently consists of only one loan that carries an interest rate of 0 percent. Administrative costs expensed in the fund are paid from loan proceeds and do not amortize until the year 2034. This is a benefit to the Bond Bank but results in a negative net position within the fund, which is planned and offset by assets within the Operating Fund.
- The Bond Bank's financial position is significantly influenced by changes in market conditions. This stems from a dependence on the unrestricted operating reserve—governed by the board through the General Operating Reserve Fund policy—to produce fixed income in support of operations. Financial performance is evaluated quarterly by the board of directors.
- The unrestricted reserves are governed by an investment policy and managed by an investment advisor. The investment policy stipulates a strategy that balances income and capital preservation with portfolio level target ratings of AA and target duration of between 80 to 120 percent of the benchmark of approximately 4.43 years.
- The Bond Bank's largest source of loan activity through the Bond Fund does not support the Operating Fund. These loans are capitalized by the issuance of municipal bonds and as the Bond Bank's cost of capital is passed along to borrowers following modest adjustments to the loan rates to ensure cashflow sufficiency.
- Loan activity does, however, impact the financial position of the Bond Fund and the Bank more generally. More loan activity directly corresponds with an increase of assets and related increase in liabilities as bond-financed debt provides the source of capitalization for loans. The Bond Bank is nearly 100 percent matched between assets and liabilities, which minimizes any risk stemming from depressed loan activity. The Energy Efficiency Program Resolution is the exception as the loan under the Resolution is supported by a standby letter of credit with a term that is less than the term of the loan.
- Over the past year, total loans outstanding increased from approximately \$606 million to \$688 million, or 13.51%, resulting from an increase in new loans originated compared to prior year, partially offset by principal payments.

Overview of the Financial Statements

The discussion and analysis is intended to serve as an introduction to the Bond Bank's financial statements, which is comprised of the Management's Discussion and Analysis, basic financial statements, and notes to the basic financial statements. The basic financial statements include the Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position, and the Statement of Cash Flows. The notes to the basic financial statements are intended to provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

Basic Financial Statements

The basic financial statements are designed to provide readers with a broad overview of the Bond Bank's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the Bond Bank's assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the Bond Bank is improving or deteriorating. Net position increases when revenues exceed expenses.

The statement of revenues, expenses and changes in net position presents information showing how the Bond Bank's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods.

Financial Analysis

Net position may serve, over time, as a useful indicator of a government's financial position. In the case of the Bond Bank, net position totaled \$37,187,220 as of December 31, 2024. Combined revenues exceeded expenses in a net increase of \$6,635,615 or a 94.40% increase compared to the previous fiscal year. The change in net position was driven by the Grant Revenue from the establishment of the Municipal Climate Recovery Fund and Small System Capacity and Resiliency Fund and increased interest income from the loan portfolio, partially offset by loss on investments and increased interest expense.

Total Net Position as of December 31, 2024, equaled 4.88% of total Bonds Payable and Unrestricted Net Position equaled 2.55% of total Bonds Payable. Total Net Position as of December 31, 2023, equaled 4.53% of total Bonds Payable and Unrestricted Net Position equaled 2.68% of total Bonds Payable.

MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2024**

Total assets and deferred outflows of resources of \$805,005,783 represent an increase of \$96,700,314 or 13.65% from 2024 to 2023. The Bond Bank's loans receivable increased \$81,918,581 or 13.51%. This was due to the net increase in loans purchased through the 2024 Series 1 and 2024 Series 2 combined with direct loans in the Municipal Climate Recovery Fund program and the Special Advance received in the energy efficiency program fund. These increases are partially offset by scheduled principal payments of \$54,649,780.

Restricted investments increased \$8,328,951 or 14.55% driven by interest rates. Unrestricted investments increased \$652,540 or 2.79% due to market performance and interest rates.

The deferred outflow on refunding of bonds payable decreased \$1,710,325 or 15.68%. This was driven by current year amortization.

Total liabilities increased by \$90,064,699 or 13.29%, from 2024 to 2023. The Bond Bank's gross principal amount of bonds outstanding as of December 31, 2024, of \$762,506,210 represents an increase of \$87,880,029 or 13.03% from the balance as of December 31, 2023. This increase was the net result of the issuance of 2024 Series 1 and 2024 Series 2 of \$114,495,000, Municipal Climate Recovery Fund issuances of \$15,000,000 and Energy Efficiency Program bond issuances of \$1,882,010 partially offset by scheduled debt service principal payments of \$39,856,000 and 2024 Series 3 refunded par savings of \$1,482,501.

Unamortized original issue discount/premium increased \$4,391,030 or 9.82%. The decrease is due to the current year issuance partially offset by current year amortization.

The following table summarizes the combined Statement of Revenues, Expenses and Changes in Net Position of the Bond Bank as of December 31, 2024, with comparative data from the prior fiscal year.

Operating revenues increased by approximately \$6,611,236 or 28.65% from 2023 driven by grant revenue received for the Municipal Climate Recovery Fund and Small System Capacity and Resiliency Fund. Additionally, the Bank received more interest received for the loan portfolio due to larger bond issuances and related loans in the Bond Fund within a higher interest rate environment as well as the additional Municipal Climate Recovery lending.

Operating expenses increased \$404,764 or 9.64% from 2023 driven by increased operating expenses due to a strategic investment for new lending programs established in 2024 and increased bond issuance costs.

Net nonoperating expenses increased \$2,984,277 or 19.30% from 2023 primarily due to increased bond interest expense as a result of larger pooled bond issuances and higher market rates. Additionally, the Bond Bank experienced a decrease in interest on investments as well as unrealized losses on investments in 2024 compared to slight unrealized gains in 2023. Additionally, the Bond Bank did not recognize a gain on defeasance of bonds in 2024.

The Bond Bank's unrestricted investment portfolio consists of highly rated corporate and U.S. Government bonds. As a result, the change in market condition over the course of the year impact the fair value of the portfolio significantly.

NOTE 1 AUTHORIZING LEGISLATION AND NATURE OF FUNDS

A. Authorizing Legislation

The Vermont Bond Bank was established by the General Assembly of the State of Vermont in 1970 for the purpose of fostering and promoting the provision of adequate capital markets and facilities for borrowing money by governmental units of the State of Vermont for financing public improvements or other purposes. The Vermont Bond Bank (Bond Bank) is authorized to carry out this function by borrowing money, issuing bonds and notes, and purchasing bonds and notes of local governmental units. The Vermont Bond Bank is a component unit of the State of Vermont.

The Bond Bank is administered by a board of directors, with a mandate to provide municipalities with access to municipal bond proceeds at the lowest possible interest rates.

The board is comprised of five directors consisting of the Treasurer of the State of Vermont (Ex-officio) and four directors appointed by the Governor of the State of Vermont, with the advice and consent of the Senate, to serve terms of two years each, two terms expiring on February 1 in alternate years, or until a successor is appointed. The Directors elect a Chair, Secretary, and a Treasurer.

Municipalities eligible for loan programs with the Bond Bank are defined as any city, town, village, school district, fire district, consolidated sewer or water district, or a solid waste district organized under the laws of the state, and also includes every municipal corporation identified in subdivision 1751(1) of V.S.A., Title 24.

The Bond Fund is used to administer the activities of the Bond Bank for the municipal loan program. The Fund issues bonds which are utilized to finance capital improvements or other purposes for local municipalities throughout the State of Vermont.

Special Obligation Fund

The bonds are direct obligations of the Bank payable solely from the funds and accounts established by the General Resolution for the VSCS Program.

Energy Efficiency Program Fund

Under this Resolution, loans assigned to the resolution are the exclusive repayment source for debt obligations under the Resolution. Assets and repayment of related debt obligations are managed by Wilmington Trust as corporate trustee.

The Small System Capacity and Resiliency Fund (SCRPF) reports on activities to assist water and wastewater systems that is undertaken through funding from a grant provided by the State of Vermont.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows:

A. Advance Refundings

All advance refundings completed are accounted for in accordance with the provisions of GASB Statement No. 23, *Accounting and Financial Reporting for Refundings of Debt Reported by Proprietary Activities*. Under GASB Statement No. 23, the difference between the reacquisition price and the net carrying amount of the old debt is amortized as a component of interest expense over the remaining life of the old debt, or the life of the new debt, whichever is shorter. The unamortized portion is reported as a deferred outflow of resources.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Fund Accounting

The financial statements of the Bond Bank have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) in conformity with the principles of fund accounting as applied to governmental units. The GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB periodically updates its codification of the existing *Governmental Accounting and Financial Reporting Standards* which, along with the subsequent GASB pronouncements (Statements and Interpretations), constitutes U.S. GAAP for governmental units.

C. Measurement Focus and Basis of Accounting

The Bond Bank uses the economic resources measurement focus and the accrual basis of accounting whereby revenues are recorded when earned and expenses are recorded when the obligation for payment is incurred. Interest expense on related bonds payable is recorded as a nonoperating expense in accordance with GASB Statements No. 9 and 34.

D. Cash Equivalents

The Bond Bank considers all unrestricted highly liquid investments with original maturities of three months or less to be cash equivalents.

E. Investments

The Board of Directors appoints trustees to oversee the investments in the Bond Fund. As of December 31, 2024, the Trustee is the U.S. Bank National Association. The Directors engaged Loomis, Sayles & Company, L.P. to provide investment management services for the Operating Fund. Investments with readily determinable fair values are reported at their fair values on the statement of net position. See Note 4.

F. Accounts Receivable

The Vermont Bond Bank reports loans receivable (see Note 5), accrued interest on loans receivable, and general receivables. The Operating Fund reports accounts receivable related to leases as well as management fees associated with program administration for the State of Vermont Special Environmental Revolving Fund and the Vermont Educational and Health Buildings Financing Agency (see Note 13). The recognition of revenue related to accounts receivable is reported under the accrual basis of accounting whereby receivables and revenues are recorded in the year accrued.

Accounts receivable are considered 100% collectible by the Bond Bank.

G. Capital Assets, Depreciation, and Amortization

The Bond Bank records capital assets in the Operating Fund. Capital assets are defined by the Bond Bank as assets with an initial, individual cost of \$1,000 and an estimated life in excess of one year. Such assets are recorded at historical cost or at estimated historical cost if actual historical cost is not available. Donated capital assets are recorded at the estimated acquisition value at the date of the donation. Capital assets are depreciated using the straight-line method over the useful lives shown below:

Computer Equipment and Software	3 Years
Furniture and Equipment	7 Years
Leasehold Improvements	7 Years
Right-to-Use Lease Asset - Building	5 Years

Right-to-use lease assets are initially measured at the present value of payments expected to be made during the lease term, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset.

H. Deferred Outflows and Deferred Inflows of Resources

In addition to assets and liabilities, deferred outflows of resources and deferred inflows of resources are reported as separate sections on the statement of net position.

Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense) until that time. The Bond Bank reports deferred outflows of resources related to the deferred loss on refunding of bonds payable. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. The Bond Bank reports deferred inflows of resources related to leases as discussed in Note 12.

I. Arbitrage Rebate Payable

The accrued arbitrage rebate payable is based on interim arbitrage rebate analysis performed by the Bond Bank's arbitrage rebate counsel for bonds issued prior to 2024.

J. Long-Term Obligations

The Bond Bank reports long-term debt and other long-term obligations as liabilities in the statement of net position.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Use of Estimates

The presentation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and deferred outflows/inflows of resources as well as disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

L. Net Position

For proprietary funds the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called net position. Net position is comprised of three components: net investment in capital assets, restricted, and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of and other debt that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.

Restricted net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.

Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

NOTE 3 CUSTODIAL CREDIT RISK - DEPOSITS

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, the Bond Bank's deposits may not be recovered. Cash consists of money market accounts invested primarily in commercial paper and government securities. The Bond Bank's custodial credit risk policy directs management to invest in cash or near cash investments that are either 100% FDIC insured or AAAM rated funds or government securities. As of December 31, 2024, the bank balance of general reserve cash held by the Operating Fund, MCRF Fund, RESP Fund and SCRPF Fund totaled \$4,099,486. Of this total, \$180,951 was in collateralized and FDIC insured cash accounts. The remaining total of \$3,918,535 was collateralized with securities held with the pledging financial institution's trust department but not held in the Bond Bank's name and, therefore, was exposed to custodial credit risk.

NOTE 4 INVESTMENTS

Unrestricted cash and cash equivalents in the Bond Fund of \$7,411,350 was held within “government money markets funds” rated AAAM by S&P, held by the Trustee. These funds are secured in eligible investments as defined in the General Resolution.

Unrestricted Investments – Operating Fund

The Bond Bank’s investment objectives for its unrestricted investments are 1) to obtain regular, predictable interest income, through the investment in a diversified portfolio of U.S. Treasury and other government securities, corporate, mortgage and asset-backed securities, and other fixed income securities; and 2) to outperform the investment returns of the Barclays Intermediate Aggregate Bond Index.

The Bond Bank reports fair value measures of its assets and liabilities using a three-level hierarchy that prioritizes the inputs used to measure fair value. GASB Statement No. 72, *Fair Value Measurement and Application*, requires that entities maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The asset or liability’s measurement within the fair value hierarchy is based on the lowest level of input that is significant to the measurement. The three levels of inputs used to measure fair value are as follows.

Level 1 – Quoted prices for identical assets or liabilities in active markets to which the organization has access at the measurement date.

Level 2 – Inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets in markets that are not active;
- observable inputs other than quoted prices for the asset or liability (for example, interest rates and yield curves); and
- inputs derived principally from, or corroborated by, observable market data by correlation or by other means.

Level 3 – Unobservable inputs for the asset or liability. Unobservable inputs should be used to measure the fair value if observable inputs are not available.

The Bond Bank measures fair value using Level 1 inputs because they are available and generally provide the most reliable evidence of fair value for the Bond Bank’s measurement of investments. The classification and fair value of unrestricted investments held at December 31, 2024 are identified as follows.

With the exception of U.S. Treasury, agency and agency mortgage issues, the Bond Bank's investment policy provides that no more than 5% of the portfolio may be invested in the obligations of any one issuer. As of December 31, 2024, the Bond Bank was not exposed to concentration of credit risk.

In addition to the ranges listed above, the Bond Bank's investment policy provides that the weighted average portfolio quality must be rated at least Aa2 by Moody's Investor Service and/or AA by S&P. Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will affect the fair value of certain investments. In accordance with its investment policy, the Bond Bank manages its exposure to declines in fair values of its unrestricted investments by limiting the weighted average maturity of its investment portfolio to within a range of 80% to 120% of that of the Barclays Intermediate Aggregate Bond Index. There are no limitations on the duration, or maturity, of specific securities. The weighted average duration for unrestricted investments is as follows:

	Weighted Average Duration by Asset Class (Years)
Asset-Backed Securities	1.16
Corporate Securities	3.56
Foreign Bonds	3.70
Mortgage Backed Securities (MBS)	4.62
MBS: Collateralized	5.95
U.S. Treasury Securities	4.20

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The investment policy permits a maximum of 10% of the fair value of investments to be invested in supranational securities. At December 31, 2024, the Bond Bank was not exposed to foreign currency risk.

Restricted Investments

The Bond Fund investments are restricted to meet the reserve requirements for each issue. The General Resolution provides that all monies held by the Trustees shall be continuously and fully secured, for the benefit of the Bond Bank and the holders of the bonds. The restricted investments in the Bond Fund are to be invested in obligations with maturity dates which coincide as nearly as practicable with dates of debt service or other purposes provided in the General Resolution. Allowable investments are limited by certain restrictions and include 1) direct obligations of the United States of America or obligations which are guaranteed or insured by the United States of America, or instrumentality or agency thereof; 2) state and municipal bonds provided they are rated at least A at the time of investment; 3) interest bearing obligations issued, assumed, or guaranteed by any solvent U.S. institution rated at least A at the time of investment, certificates of deposit or time deposits at banking institutions with capital surplus and undivided profits of not less than \$25,000,000; 4) repurchase agreements with maturities of not more than 30 days with a bank or trust company that has a combined capital surplus and undivided profits not less than \$100,000,000 or with primary government dealers who are members of the Securities Investor Protection Corporation; and 5) units of a taxable government money market portfolio comprised solely of obligations listed above. The funds may also be deposited in an interest bearing account held by the Trustee provided that the account is fully secured by direct obligations of the United States of America.

NOTE 5 LOANS RECEIVABLE

Bond, MCRF, and EEPF Funds

Loans receivable represent loans to municipalities which are secured by revenues or are general obligations of the municipalities. Interest rates correspond with the interest rates on the related bonds payable by the Bond Bank plus, in some cases, an increment is added to fund capitalized interest, reserve requirements and issue costs. The loans mature during the same periods as the related bonds payable.

Special Obligation Fund

Loans receivable represent loans to the VSCS originating from loan agreements between the Vermont Bond Bank and VSCS under the 2017 General Bond Resolution for VSCS. Interest rates correspond with the interest rates on the related bonds payable by the Bond Bank. At December 31, 2024, the Special Obligation Fund reported a deficit net position of \$5,587,014. This deficit is the result of the unamortized bond premiums associated with the VSCS 2017 Series A and 2020 Series A issuances and will be amortized in future years as a component of interest expense.

At December 31, 2024, the Rural Energy Savings Program Fund reported a deficit net position of \$193,688. This deficit is the result of initial implementation costs of the program and will be funded by borrower interest revenue in future years.

Nothing in the Disclosure Agreement shall preclude the Bank from disseminating any information in addition to that required under the Disclosure Agreement. If the Bank disseminates any such additional information, nothing in the Disclosure Agreement shall obligate the Bank to update such information or include it in any future materials disseminated.

To the extent permitted by law, the provisions of the Disclosure Agreement shall be enforceable against the Bank in accordance with the terms thereof by any owner of a Bond, including any beneficial owner acting as a third-party beneficiary (upon proof of its status as a beneficial owner reasonably satisfactory to the Bank). To the extent permitted by law, any such owner shall have the right, for the equal benefit and protection of all owners of the Bonds, by mandamus or other suit or proceeding at law or in equity, to enforce its rights against the Bank and to compel the Bank and any of its officers, agents or employees to perform and carry out their duties under the foregoing provisions as aforesaid, provided, however, that the sole remedy in connection with such undertakings shall be limited to an action to compel specific performance of the obligations of the Bank in connection with such undertakings and shall not include any rights to monetary damages. The Bank’s obligations in respect of the Disclosure Agreement shall terminate if no Bonds remain outstanding (without regard to an economic defeasance) or if the provisions of the Rule concerning continuing disclosure are no longer effective, whichever occurs first. The provisions of the Disclosure Agreement may be amended by the Bank and the Dissemination Agent, without the consent of, or notice to, any owners of the Bonds, (a) to comply with or conform to the provisions of the Rule or any amendments thereto or authoritative interpretations thereof by the Securities and Exchange Commission or its staff (whether required or optional), (b) to add a dissemination agent for the information required to be provided by such undertakings and to make any necessary or desirable provisions with respect thereto, (c) to add to the covenants of the Bank for the benefit of the owners of the Bonds, (d) to modify the contents, presentation and format of the annual financial information from time to time as a result of a change in circumstances that arises from a change in legal requirements, or (e) to otherwise modify the undertakings in a manner responding to the requirements of the Rule concerning continuing disclosure; provided, however, that in the case of any amendment pursuant to clause (d) or (e), (i) the undertaking, as amended, would have complied with the requirements of the Rule at the time of the offering of the Bonds, after taking into account any amendments or authoritative interpretations of the Rule, as well as any change in circumstances, and (ii) the amendment does not materially impair the interests of the owners of the Bonds, as determined either by a party unaffiliated with the Bank (such as Bank bond counsel) or by the vote or consent of owners of a majority in outstanding principal amount of the Bonds affected thereby at or prior to the time of such amendment.
